FLIP THE SAW NOT THE WORK

MAKES THE CUTS OTHER SAWS CAN'T

You demand the best in your work, why not from your tools. DeWALT designed its saws to exceed those expectations, bevels 45° left and right with the ability to bevel to 48°, allowing the user to flip the saw, not the work, saving time and increasing productivity. The DW708 12" Double Bevel Sliding Compound Mitre Saw from DeWALT combines unmatched accuracy, capacity and legendary performance to deliver consistent, reliable cuts project after project, year after year.

For more information, call 1-800-4-DEWALT or visit our web site at www.Dewalt.com

©2004 DeWALT. The following are examples of trademarks for one or more DeWALT power tools and accessories: The yellow and black color scheme, the "D"-shaped air intake grill, the array of pyramids on the handgrip, the kit box configuration, and the array of lozenge-shaped humps on the surface of the tool.

Bevels 45° left and right, with the ability to bevel to 48°, allowing the user to flip the saw, not the work.

Dual vertical rails use linear ball bearings and bronze guides for superior accuracy, smooth sliding action

Crosscut capacity of 12" at 90° and an extra-high fence to cut molding up to 5-1/4" standing vertically

Easy -to-read stainless-steel mitre scale has 11 positive stops for quick actuation of most common angle settings

INTRODUCING THE MOST POWERFUL FACTORY STOCK V6 WE'VE EVER BUILT – THE NEW 300 V MAX® HPDI.

THE OUTBOARD THAT TURNS FUEL INTO ADRENALINE. Your heart leaps into your throat. Your pulse begins to pound like a jackhammer. Finally, your lips curl into an involuntary smile. The pros have a name for it, V MAX® fever. And on the tournament trail, it's really catching. Today's bigger bass boats mean better fishability, but they also mean more weight. So we boosted the extraordinary V MAX® to a full 300 horses, on a V6 3.3-liter 204ci V-76° block. You've never experienced this kind of hole shot, acceleration and top-end speed. Our new generation HPDI injects fuel at an amazing 1,000psi, yet delivers up to 30% more range than a conventional two stroke. And the innovative contoured skeg provides effortless straight-ahead tracking. With this kind of performance – and Yamaha's legendary reliability – you've got the winning edge. If you haven't caught the fever yet, get anywhere near a V MAX® and you will. Be careful. A mere touch of the throttle will set it off.

THE WORLD'S LARGEST OUTBOARD MANUFACTURER

REMEMBER to always observe all applicable boating laws. Never drink and drive. Dress properly with a Canadian Coast Guard approved personal flotation device and protective gear.

YAMAHA

Fishing is one of the great outdoor experiences that Ontario residents and visitors to the province can enjoy year-round. With the Great Lakes, a quarter million inland lakes and countless rivers and streams, the opportunities are almost endless.

While fishing for some species, such as suckers and rock bass, can be pursued in many waters all year, angling for others, like walleye and trout, can occur only during set seasons to protect fish when they are spawning or particularly vulnerable. This regulation summary helps you know when, where and what you can catch so that you have an enjoyable time fishing while ensuring our fisheries remain sustainable.

Ontario's remote northern lakes are popular with many anglers, but the province's urban areas also host an impressive array of quality fishing opportunities. In addition to stocking fish near metropolitan centres, efforts are being made to improve fish habitat, provide better access and let people know where they can fish closer to home.

The government is committed to maintaining and enhancing our healthy, world-class fishery. The province is working to raise environmental awareness, ensure careful management and provide plentiful habitat. All anglers can take part by providing support to the myriad of conservation efforts undertaken across Ontario, particularly in their own communities.

Canada and Ontario continue to work together on improving the health of the Great Lakes environment under an agreement first signed some 30 years ago. Under this agreement, we are working with more than 260 partners on over 160 projects to rehabilitate fish and wildlife and their habitats, protect and restore wetlands, educate the public about invasive species, protect species at risk and gain a better understanding of Great Lakes basin ecosystems.

Let's all do our part to make sure that Ontario's excellent recreational fishery stays vibrant. By following the regulations, you help make sure that future generations can discover the joy of fishing.

The Power of Water

Renewable Energy

Ontario's rivers are a precious and shared resource. They provide social, economic and environmental benefits to people and communities across the province. They contribute to our quality of life. Many of our rivers produce clean, renewable electricity — and there is great potential to produce more. At a time when the province's energy future hangs in the balance, the sustainable development of Ontario's waterpower resources is essential.

Realize the power of water.

Renewable Energy, Responsible Industry

Abuse of Our Natural Resources Occurs Each Year

The number of birds, animals, fish and other resources available for harvest are carefully managed by the Ontario Ministry of Natural Resources to ensure sustainable populations for future generations. Due to the efforts of resource users and enforcement activities, Ontario has a 93 per cent compliance rate to resource legislation.

Over limits and illegal harvesting have serious effects:

- Steal opportunities from others
- Impact population success
- Create a negative impression of resource users
- Threaten the future stability of the resource.

You can help by reporting any resource abuse you see or hear about!

1-800-222-TIPS (8477)

The Ontario Ministry of Natural Resources and our Conservation Officers need your support to help protect our fish and wildlife and all of Ontario's natural resources.

Crime Stoppers calls are anonymous. Crime Stoppers pays cash rewards up to \$1,000.

Everyone must share in the responsibility to protect our natural resources to ensure future generations have the same opportunity to enjoy them.

www.youth.mnr.gov.on.ca

In Ontario, 31 freshwater fish species are species at risk – extirpated (gone from Ontario but exist elsewhere), endangered, threatened and special concern. Most of these species are not well known to anglers with the exception of the endangered aurora trout. The decline in fish populations is caused mainly by habitat loss and the invasion of exotic species. The Ministry of Natural Resources is working with partners in recovery planning for several fish species and watersheds.

As of June 2004, the federal Species at Risk Act provides protection to threatened, endangered and extirpated species and their habitats. The harvest of the following species, without appropriate permits, is now prohibited:

- Gravel chub and paddlefish (extirpated species)
- Aurora trout (endangered species) in Whitepine Lake, Whirligig Lake, and Campcott Lake (regulated fish sanctuaries)
- Lake chubsucker, eastern sand darter and spotted gar (threatened species).

Also, the harvest of two provincially-listed threatened species – the cutlip minnow and the reddsides – is prohibited under the Ontario Fishery Regulations.

How to Use This Summary

To help you quickly find the fishing information you need, we have divided Ontario into five regions, labeled A, B, C, D and E (below). All information for a region is grouped together.

Each region is broken into fishing divisions. The general regulations for each division are found in the division/species table following the regional map. Once you have read the general regulations, be sure to check for any Exceptions to the general regulations which may apply to the waterbody you will be fishing.

Many regions feature additional fishing opportunities that you won't want to miss. These special opportunities are listed as additional fishing opportunities following the regional map.

PLEASE NOTE THAT NEW REGULATIONS AND CHANGES FOR THIS YEAR ARE PRINTED IN RED.

In order to ensure you are complying with the regulations, please follow these easy step-by-step directions.

1. Ensure that you have the right kind of fishing licence (pages 1-3).
2. Understand and comply at all times with the General Fishing Regulations (pages 3-8).
3. Refer to the area map in the region where you plan to fish:

Southwestern Ontario	Map A	Page 11
Southeastern Ontario	Map B	Page 19
Central Ontario	Map C	Page 30
Northeastern Ontario	Map D	Page 47
Northwestern Ontario	Map E	Page 67
4. Determine the division in which you plan to fish.
5. Once you have determined the division you plan to fish in and the species you wish to fish for, you MUST:
 - Refer to the Division/Species Table for that map area to ensure that you are:
 - fishing during an open season;
 - complying with the catch, possession, and size limits.
 - Check the "General Notes" and "Bait and Gear Restrictions" listed after the Division/Species Table.

AND

- Check the "Exceptions to the General Regulations" (following the Division/Species Table) for the body of water or general area in which you will be fishing and comply with the exceptions that are shown. Note: some waters are grouped with other waters that have the same regulatory exceptions. These will generally be listed under the largest or most significant water body.

Note: in some cases lower limits are stated in the exceptions that apply only to Sport Fishing Licence holders. If no conservation licence limits are stated for exception waters, then the conservation licence limit is the same as for the rest of the division and can be found in the Division/Species Tables.

6. If you are not sure whether you can fish at a certain time and place, or if you have any questions about the regulations, contact the local Ministry of Natural Resources office. See listings on pages 83 and 84.
7. Also, don't forget to review the additional fishing opportunities in each map area to make the most of your fishing experience.
8. Non-residents fishing in the Border Waters area should refer to pages 72 and 73.

NEW!

The open seasons and summary close times provided in this summary reference the way the dates are often expressed in the regulations (e.g. 1st Sat in May, last day in Feb. or Labour Day); rather than an actual calendar date. Refer to the Quick Reference Table for the corresponding calendar dates in 2005 and 2006. (See page 9)

Wetlands: Vital to the future of fish... and to the future of fishing.

Healthy fish populations depend on the quality of our waterways and the availability of good habitat. Wetlands play an essential role in this. Ducks Unlimited Canada conserves wetland habitat – now and for the future.

BEFORE

AFTER

In just minutes,
a calm river
can change into
dangerous waters.

FISHING NEAR OUR DAMS IS DANGEROUS!

ONTARIO POWER GENERATION CARES ABOUT YOUR SAFETY. That's why we're asking all anglers to stay clear of our hydroelectric stations, dams, shorelines and surrounding waterways. They are dangerous places for any recreational activities. Hydroelectric stations operate 24 hours a day and their operations affect water flows and levels, which can change quickly and without notice. Some dams have gates that might be remotely controlled and in just a few minutes, can change calm waters or a dry riverbed into dangerous waters with swift currents and rising levels.

Be alert for warnings, signs, booms and buoys. Whenever you see water levels changing, move immediately – and always make sure you are a safe distance away. **Stay clear and stay safe!**

To obtain a free Stay Clear, Stay Safe video, brochure or computer game visit www.opg.com

ONTARIO POWER
GENERATION

Recreational Fishing Licence Information for Residents of Ontario and Canada

Most Canadian residents need to purchase a licence to fish in Ontario. Except for the one-day fishing licence option, a resident fishing licence has two parts; an Ontario-issued three-year Outdoors Card and a fishing licence tag. Two types of fishing licence tags are available: a Resident Sport Fishing Licence tag and a Resident Conservation Fishing Licence tag.

Resident — For the purpose of obtaining a fishing licence, a resident is defined as a person whose primary residence is in Canada and who has lived in Canada for a period of at least six consecutive months during the 12 months immediately before applying for a licence.

Outdoors Card — An Outdoors Card is a plastic, wallet-sized identification card to which your Ontario fishing licence tag is affixed. It acts as a durable carrier for your licence tag for three calendar years. A complete and valid licence to fish consists of an Outdoors Card plus a fishing licence tag. If you do not have a current Outdoors Card, a temporary paper licence enables you to fish until you receive your Outdoors Card in the mail or the temporary licence expires.

Resident Sport Fishing Licence — The Resident Sport Fishing Licence tag is for anglers who wish to have full catch and possession fishing privileges. It is available for one or three-year periods. Catch and possession limits are specified on the Division/Species Table following each regional map in this summary. The limit for the angler with a Resident Sport Fishing Licence is indicated with an "S".

Resident Conservation Fishing Licence — The Resident Conservation Fishing Licence tag is ideal for the angler who wishes to live release the majority of fish caught, or in the case of certain species, all of the fish caught. It is available for one or three-year periods. Catch and possession limits are specified on the Division/Species Table following each regional map in this Summary. The limit for the angler with a Resident Conservation Fishing Licence is indicated with a "C". The holder of a Resident Conservation Fishing Licence tag must quickly and carefully live release all fish of the following species: muskellunge; Atlantic salmon; lake sturgeon; and aurora trout.

Who does NOT need to purchase a Fishing Licence?

1. Residents of Canada who are under 18 years of age or 65 years of age or older, and are in possession of their Birth Certificate.
2. Disabled Canadian residents, if they are eligible for and in possession of EITHER:
 - a Canadian National Institute for the Blind National Identity Card; OR
 - an Ontario Ministry of Transportation disabled person parking permit.

Those who qualify to fish without purchasing a fishing licence as indicated above, may fish with the same catch and possession limits as holders of a Resident Sport Fishing

licence tag. Additionally, they have the same responsibilities as those who have purchased an Outdoors Card and fishing licence tag and must abide by all regulations.

Do Aboriginal people need an Outdoors Card?

Members of Ontario Aboriginal communities, having established aboriginal and treaty rights, do not require an Outdoors Card or Ontario fishing licence tag to take fish for personal use within their traditional or treaty territory. Personal use is defined as for food, social or ceremonial purposes.

Individuals should be prepared to provide identification when showing their community membership. Members of Aboriginal communities fishing outside of their traditional or treaty areas must have a valid Ontario Outdoors Card and fishing licence tag.

How do I get an Outdoors Card if I have never had one before?

A resident of Canada who has never had an Outdoors Card may apply for an Outdoors Card to go fishing in one of two ways. The method you select depends on how soon you want to go fishing:

1. **If you can wait**, you can submit an Outdoors Card application and payment to the Outdoors Card Centre through the mail. You will receive the card and fishing licence tag you selected in approximately four to six weeks. To have an application mailed to you, call the Outdoors Card Centre from anywhere in Canada at 1-800-387-7011.
2. **If you want to fish right away**, a temporary paper licence and Outdoors Card Application are available from more than 2,000 licence issuers across the province.

How do I renew my expired Outdoors Card?

You may renew your Outdoors Card in any of five ways:

- By connecting to the Internet at www.outdoorscard.mnr.gov.on.ca and using your VISA or MasterCard. You will need your Outdoors Card number and date of birth to complete this transaction. Please allow two to three weeks for your card to reach you.
- By using the toll-free automated telephone system and your VISA, MasterCard or American Express credit card. Be sure to have your Outdoors Card number on hand when you call. Call 1-800-288-1155 and allow two to three weeks for delivery.
- At more than 70 ServiceOntario Kiosk locations. ServiceOntario Kiosks accept VISA, MasterCard and American Express transactions as well as bank debit cards. You will need your Outdoors Card number when you renew. Please allow two to three weeks for delivery.
- By mail, using the renewal package sent to you in the fall of the year in which your Outdoors Card expires. For the convenience of Outdoors Card holders, a renewal package is sent automatically so you can renew before your current card expires. Payment may be made by VISA, MasterCard, American Express, cheque or money order. You will receive your card four to six weeks after you submit your renewal application. If you have misplaced your package, call 1-800-387-7011 for a replacement.
- By purchasing a "Resident Sport Fishing Licence and Outdoors Card Application" OR a "Resident Conservation Fishing Licence and Outdoors Card Application" from a

licence issuer. The fee for either of these includes the cost of the one-year fishing licence and the three-year Outdoors Card.

What else should I know about my Outdoors Card?

Here are other important things to keep in mind:

- You must notify the Ministry of Natural Resources of any address or name change **within 10 days of the change**. You can change your address or name by calling the Outdoors Card Centre at **1-800-387-7011** toll-free from anywhere in Canada. To change your address (only) go online to our Internet site at www.outdoorscard.mnr.gov.on.ca, or visit one of the more than 70 ServiceOntario Kiosk locations.
- You must carry your Outdoors Card and fishing licence tag on your person whenever you are fishing. If a Conservation Officer asks to see your Outdoors Card, the law states you must show it.
- Your Outdoors Card is not transferable to another person – it provides privileges to you alone.
- You may legally apply for one Outdoors Card only. It is an offence to attempt to obtain more than one card. It is also an offence to provide false information on a card application.

- One-year fishing licences expire December 31st in the year printed on the licence.
- Three-year fishing licences expire at the same time as the Outdoors Card, on December 31st of its third year. Your card's expiry year is the two numbers following your 15 digit card number.
- If you have applied for an Outdoors Card and have not received it in the stated timeframe, call the Outdoors Card Centre at **1-800-387-7011**.

If your Outdoors Card is lost or stolen or if you need more information about Outdoors Cards or fishing licences call the Outdoors Card Centre from anywhere in Canada at 1-800-387-7011.

NEW!

ELECTRONIC LICENSING

If you are an Outdoors Card holder, visit the Ministry of Natural Resources' E-Licensing website at: www.outdoorscard.mnr.gov.on.ca.

You may be eligible for instant fishing privileges.

Residents of Canada Fishing Licence Options

Residents of Canada Fishing Licence Options: The 2005 one-year licence fees stated in this summary are in effect from January 1, 2005 until December 31, 2005. The 2005 three-year fees are subject to change after August 31, 2005. The 2006 one-year licence fees stated in this summary are in effect from January 1, 2006 until December 31, 2006. The 2006 three-year fees are subject to change after August 31, 2006. For the location of the licence issuer nearest you, contact the Ministry of Natural Resources. A list of Ministry of Natural Resources offices is provided on pages 83 and 84.

Licence Type	Available From	2005 Fees	2006 Fees
Outdoors Card plus three-year Resident Sport Fishing Licence Tag	By mail (new application or renewal), by phone (renewal only) at 1-800-288-1155, over the Internet (renewal only) at www.outdoorscard.mnr.gov.on.ca , or visit a ServiceOntario Kiosk (renewal only)	\$73.50	\$75.00
Outdoors Card plus three-year Resident Conservation Fishing Licence Tag	By mail (new application or renewal), by phone (renewal only) at 1-800-288-1155, over the Internet (renewal only) at www.outdoorscard.mnr.gov.on.ca , or visit a ServiceOntario Kiosk (renewal only)	\$45.75	\$46.50
Resident Sport Fishing Licence (one-year) and Outdoors Card Application (Outdoors Card is included in this fee)	2000+ licence issuers throughout the province	\$28.50	\$29.00
Resident Conservation Fishing Licence (one-year) and Outdoors Card Application. (Outdoors Card is included in this fee)	2000+ licence issuers throughout the province	\$19.25	\$19.50
One-Day Fishing Licence	Most licence issuers throughout the province	\$10.00	\$10.00
Three-year Outdoors Card only (no licence tags). This Outdoors Card becomes a licence only when a one-year licence tag (see prices below) is affixed	By mail (new application or renewal), by phone (renewal only) at 1-800-288-1155, over the Internet (renewal only) at www.outdoorscard.mnr.gov.on.ca , or visit a ServiceOntario Kiosk (renewal only)	\$6.00	\$6.00
One-year Resident Sport Fishing Licence Tag (for holders of a valid Outdoors Card)	2000+ licence issuers throughout the province	\$22.50	\$23.00

ONTARIO RESIDENTS ONLY: If you wish to both fish and hunt, you may apply for an Outdoors Card (hunting / fishing version) which provides for both privileges. Call the Outdoors Card Centre for complete details

For information on this option call the Outdoors Card Centre at 1-800-387-7011.
To renew your Outdoors Card (hunting / fishing version) with a credit card call 1-800-288-1155 or visit our Internet site at www.outdoorscard.mnr.gov.on.ca, or visit a ServiceOntario Kiosk

Recreational Fishing Licence Information for Non-Residents

Non-Resident Sport Fishing Licence — The Non-Resident Sport Fishing Licence is for anglers who wish to have full catch and possession fishing privileges. Catch and possession limits are specified on the Division/Species Table following each regional map in this summary. The limit for the angler with a Non-Resident Sport Fishing Licence is indicated with an "S."

Non-Resident Conservation Fishing Licence — The Non-Resident Conservation Fishing Licence is ideal for the angler who wishes to live release the majority of the fish caught, or in the case of certain species, all of the fish caught. Catch and possession limits are specified on the Division/Species Table following each regional map in this summary. The limit for the angler with a Non-Resident Conservation Fishing Licence is indicated with a "C." The holder of a conservation fishing licence must quickly and carefully live release all fish of the following species: muskellunge; Atlantic salmon; lake sturgeon; and aurora trout.

I live outside of Canada. Do I need a licence to fish in Ontario?

Anyone who lives outside of Canada is considered a non-resident for the purposes of fishing licence regulations. Most non-residents need a fishing licence to fish in Ontario. Specifically:

- Non-residents 18 years of age and over must purchase a fishing licence.
- Non-residents under 18 years of age may fish without a licence if accompanied by an adult who has a valid Ontario fishing licence. Any fish caught are part of the catch and possession limit of the adult who holds the licence. As another option, non-residents under 18 years may purchase a licence and any fish caught apply to the catch and possession limits of that licence.

Non-residents 65 years of age or older are not exempt from licensing.

Note: Non-residents camping on Crown lands in Northwestern Ontario are subject to conservation licence limits in the following Fishing Divisions: 20, 21, 22, 22A, 24, 30, 31, 33 and 34, except for in the border waters area (see pages 72 and 73).

For non-resident groups of children (at least five people under the age of 18 years accompanied by a licensed adult) there is a special licence for members of an organized camp. This licence is available from Ministry of Natural Resources offices (see pages 83 and 84).

Where can I purchase a non-resident fishing licence?

Non-resident anglers may purchase a fishing licence that is effective immediately at more than 2,000 locations throughout the province. Licences are often available from tourist outfitters' camps and lodges, summer camps, sporting goods stores or bait dealers. In smaller communities they may be available at general stores or other retail establishments. A range of licences is offered to suit individual needs.

Non-resident fishing licences are also available through the mail by calling the Ontario Ministry of Natural Resources at 1-800-667-1940.

Non-Resident Fishing Licence Options

The 2005 non-resident fishing licence fees shown below are in effect from January 1, 2005 until December 31, 2005. The 2006 non-resident fishing licence fees shown below are in effect from January 1, 2006 until December 31, 2006. For the location of the licence issuer nearest you, contact the Ministry of Natural Resources. A list of Ministry of Natural Resources offices is provided on pages 83 and 84.

Licence Type	Available From	2005 Fees	2006 Fees
Sport Fishing Licence – valid for the calendar year	2000+ licence issuers throughout the province	\$62.50	\$64.00
Conservation Fishing Licence – valid for the calendar year	2000+ licence issuers throughout the province	\$38.00	\$39.00
Seven-day Sport Fishing Licence*	2000+ licence issuers throughout the province	\$40.00	\$41.00
Seven-day Conservation Fishing Licence*	2000+ licence issuers throughout the province	\$23.50	\$24.00
One-day Sport Fishing Licence (Great Lakes and connecting waters including Lake St. Clair, Rondeau Bay, St. Lawrence River and Lake St. Francis)	Licence issuers located on the Great Lakes	\$16.50	\$17.00
Non-resident Angling Licence for a Member of an Organized Camp	Ministry of Natural Resources offices	\$4.00 per child	\$4.00 per child
Lake St. Joseph tag	Lake St. Joseph tourist operator from whom accommodation is obtained	No charge	No charge

* Seven-day fishing licences are valid for 7 consecutive calendar days – a calendar day is a 24 hour period starting at 12:00 a.m.

General Fishing Regulations

Angler's Glossary

Angling – Angling means fishing with a line to which one or more hooks are attached and that is held in the hand or is attached to a rod that is held in the hand or closely attended.

Artificial Fly – An artificial fly means a single or double hook dressed with silk, tinsel, wool, fur, feathers or other similar material. It does not include a fly that has either a weight to cause the fly to sink or a spinning device.

Barbless Hook – A barbless hook means a hook that was made without a barb or has had its barb either completely removed, or compressed so that it is completely in contact with the shaft of the hook.

Catch and Possession Limits – The **catch** limit is the number of fish you are allowed to **catch and keep in one day**. The **possession** limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits

are the same as one day's catch limit except where otherwise specified. For some species there are no limits. In these cases no reference will be made to a limit in this fishing summary. If you catch a fish after reaching the daily catch or possession limit for that species, the fish must be released immediately back to the water. Refer also to size limits.

Coarse fish – includes: gar family, bowfin, catfish family, burbot, freshwater drum or sheepshead.

Conservation Officers – Conservation Officers enforce fisheries regulations in the Province of Ontario. They have powers of inspection, arrest, search and seizure under the various statutes they enforce, including the Fish and Wildlife Conservation Act and the Fisheries Act. When carrying out their duties, Conservation Officers may do the following:

- Stop and inspect a vehicle, boat or aircraft
- Ask questions relevant to the inspection
- Inspect buildings or other places
- Search with a warrant
- Search without a warrant in circumstances requiring immediate action
- Seize items related to an offence
- Arrest anyone the Conservation Officer believes has committed, is committing, or is about to commit an offence.

Export of Fish – A recreational angler may, on leaving Ontario, take the designated possession limits for fish captured from a specific waterbody. An export permit called a "Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) Export Permit" is required to export any sturgeon (in whole or part) from Canada. For more information, contact the closest MNR office (see pages 83 and 84).

Fish Sanctuaries – No fishing of any kind is permitted in a fish sanctuary. Some bodies of water, or parts of them, are declared fish sanctuaries during certain times of the year. Fish sanctuary areas are not always marked with signs. If you are at all uncertain, check with the local MNR office before fishing.

Hooks and Lines – An angler may use only one line, unless otherwise stated in the Regulations. Two lines may be used when angling from a boat in parts of the Great Lakes (see Exceptions to the General Regulations) and for ice fishing in many areas (see Ice Fishing, page 5). A fishing line must not have more than four hooks attached. Where an artificial lure is used, each double or treble hook attached to it is considered to be one hook. In all other situations, a double hook counts as two hooks; and a treble hook counts as three hooks.

Lead Sinkers and Jigs – It is illegal to use or possess lead fishing sinkers or jigs in Canada's national parks and wildlife areas. Further information is available from the following Environment Canada web site: <http://www.cws-scf.ec.gc.ca/fishing>.

Live Holding Boxes – If you use a live holding box or impounding device, it must be clearly marked with your name and address unless it forms part of or is attached to a boat. Any fish in holding boxes are part of your limit. Live holding boxes are not permitted in Div. 34 unless they form part of, or are attached to the boat.

Open Seasons – Fishing season opening and closing dates vary depending on the species and the area. **It is illegal to attempt to catch fish for which the season is closed, even if you are going to release them.** Fish accidentally caught

during the closed season must be immediately released back to the water. Unless stated otherwise, species that are not listed (such as sucker and rock bass) have a year-round open season.

Packaging Fish for Transport or Storage – When you are exporting, transporting or storing fish, you must ensure that the fish can be easily identified and counted. Where length limits apply, you must also ensure that the length of the fish can be determined except as described in "Transporting Sport Fish in Ontario" (Refer to page 6).

Shore Meals – Fish which are consumed as part of a shore lunch on the same day are also part of your daily catch limit.

Size Limits – Size limits refer to **total length**, which is a measure from the tip of the mouth with the jaws closed to the tip of the tail, **with the tail fin lobes compressed to give the maximum possible length**. Provincial regulations are established using the metric system. If you catch a fish in a restricted size range, you must release it immediately. The conversion to inches has been rounded to one decimal place for the convenience of anglers.

Specially Protected Amphibians (frogs) – Blanchard's cricket frog, Fowlers toad and Gray treefrog are protected in Ontario and may not be captured or used as bait.

GENERAL PROHIBITIONS - IT IS ILLEGAL TO:

- **Sell any angler-caught fish, crayfish, leeches, frogs or spawn, including angler-caught yellow perch taken from the waters of Lake St. Francis. Only holders of commercial fishing and commercial bait licences may sell their catch**
- Possess a spring gaff, snagger, or spear gun for the purpose of fishing. No person shall take fish with a gaff or snare. A gaff may be used to assist in landing fish caught by lawful means
- Catch or kill a fish by impaling or snagging it with a hook through any part of the body other than the mouth - any fish hooked in this way must be released immediately
- Possess a spear for the purpose of fishing on or within 30 m (98.2 ft.) of the edge of any waters except when fishing in accordance with the regulations (refer to Non-angling Methods, page 7)
- Use artificial lights to attract fish except:
 - To fish for smelt, or to fish for lake whitefish or lake herring with a dip net
 - If the light is part of a lure attached to a line used in angling.
- Use dynamite or other explosives to take or destroy fish
- Fish within 25 m (81.8 ft.) of a pound net or fish culture cage or fish within 22.9 m (75 ft.) downstream from the lower entrance to any fishway or canal, obstacle, or any device designed to assist fish around an obstacle
- Transfer live fish or live spawn from one body of water to another without the authorization of the Ministry of Natural Resources
- Abandon fish or permit the flesh to spoil for fish taken by a person who has lawfully caught and retained it by recreational fishing

New regulations are proposed that will put in place an all year-round closed angling season for American eel in Ontario. When these regulations take effect, if you accidentally catch an American eel, it should be immediately returned to the water.

Ice Fishing

The fishing regulations outlined in the General Fishing Regulations, the Division/Species Tables, and the Exceptions to the General Regulations apply to ice fishing. Please note the following additional information:

- Up to five lines may be used for ice fishing in Labyrinth Lake, including Waterhen Creek (Div. 19) downstream of Access Road bridge (Territorial District of Timiskaming)
- In most other circumstances, two lines may be used for ice fishing except in some waterbodies in Divs. 7, 15, 16 and 29 (see "Exceptions to the General Regulations") and
- You may use a tip-up for ice fishing, but must remain within 60 m (197 ft.) of any line with which you are fishing. At all times, you must have a clear and unobstructed view of the lines being used.

Ice Hut Registration

Ice fishing huts must be registered with the local MNR office if they are on any of the following waters:

- Any part of Divs. 7, 8, 9, 10, 11, 12, 12A, 15, 16 (Georgian Bay including Colpoys Bay, Severn Sound and Owen Sound) & Div. 29
- Lakes Couchiching, Simcoe, Puslinch, Nipissing, Temagami, Scugog, Timiskaming, Manitou (Div. 28) and Trout Lake (in the city of North Bay)
- Chesley Lake (Bruce County, Div. 4)
- Long Point Bay on Lake Erie (Norfolk and Haldimand Counties) west of a line from the survey point at Turkey Point Marina to Pottohawk Point
- The waters of Div. 18 lying north of Hwy. 17 in the Sudbury district and
- The waters of Divs. 17, 18 & 23 lying in the Sault Ste. Marie district.

Hut Removal Dates

Ice fishing huts must be removed by the following dates:

March 1 in Div. 8 and Lake Scugog (Div. 6)

March 15 in:

- Chesley Lake (Bruce County, Div. 4)
- Percy, Seymour, Cramahe, Brighton and Murray Twp. (Div. 6)
- Div. 7 except that part in Cashel Twp.
- Div. 9 except Oso, Olden, Kennebec and Kaladar Twp.
- Divs. 10 & 11
- Div. 12 waters lying south of a line running east/west through the intersection of Hwy. 17 and Hwy. 533
- Div. 12A
- Tudor Twp. (Div. 15)
- Lake Simcoe
- The part of Long Point Bay on Lake Erie (Norfolk and Haldimand Counties) that lies west of a line drawn from the survey point at Turkey Point Marina to Pottohawk Point
- The part of Div. 4 in Simcoe and Dufferin Counties, and
- Div. 16 (Georgian Bay, including Colpoys Bay, Severn Sound and Owen Sound).

March 31 in:

- Lake Temagami (Div. 26)
- Lake Nipissing (Div. 27)
- Lake Manitou (Div. 28)
- Waters south of, and including the French and Mattawa Rivers (except where earlier dates are listed); Trout Lake (North Bay, Div. 18); the waters of Div. 18 lying north of

Hwy. 17 in the Sudbury district; and the waters of Divs. 17, 18 & 23 lying in the Sault Ste. Marie district.

Bait

Bait-fish

In most areas of Ontario, only the following fish may be used as bait:

- Minnow family (except carp, goldfish, cutlip minnow, red-side dace, lake chubsucker, and gravel chub)
- Mudminnows, white sucker, sticklebacks, darters (except eastern sand darter), trout-perch and sculpins
- Lake herring
- Crayfish.

In the Great Lakes, the St. Clair, Detroit, Niagara, St. Lawrence and St. Marys rivers, Lake George, Lake St. Francis and Munuscong Lake, alewife and yellow perch may also be used as bait.

Note: The use or possession of live fish for bait is not allowed in certain waters. (see "Bait Restrictions" (pages 24, 50 and 74) and the "Exceptions to the General Regulations", or contact your local MNR office)

- Live smelt may not be used as bait in Ontario. There are restrictions on the use of dead smelt (see "Exceptions to the General Regulations" or contact your local MNR office).
- Gobies may not be used as bait.

Other Types of Bait

Leeches, worms and northern leopard frogs may be used as bait.

Note: Salamanders may NOT be used as bait in Ontario, however, artificial salamander lures may be used.

Capture of Bait by Anglers

Bait-fish

Only resident anglers with a valid Ontario fishing licence or those who qualify to fish without purchasing a licence (see page 1) may capture their own bait-fish for personal use, using a bait-fish trap or dip net. Resident anglers may have no more than 120 bait-fish caught under the authority of a valid fishing licence in their possession at any time.

Note: Non-resident anglers cannot take bait-fish for personal use by any means.

1. Bait-traps

- To catch bait, **resident** anglers may use only one bait-fish trap (no more than 51 cm (20 in.) long and 31 cm (12.2 in.) wide), and it must be clearly marked with the name of the user. A trap can be used day or night at any time of the year in all divisions, except Divisions 13 and 23 (see the "Exceptions to the General Regulations" for additional restrictions).

2. Dip Nets

- To catch bait, **resident** anglers may use only one dip net. It must be no more than 183 cm (6 ft.) on each side if square, or 183 cm (6 ft.) across if circular
- Dip nets may only be used during daylight hours (after sunrise and before sunset)
- A dip net may be used in all divisions, except Division 13.

Leeches

Only **resident** anglers with a valid fishing licence may capture their own leeches for personal use, subject to the following restrictions:

- **Resident** anglers may have no more than 120 leeches caught under the authority of a valid fishing licence in their possession at any time
- To catch leeches, anglers may use one leech trap (that does not exceed 45 cm (17.7 in.) in any dimension)
- Traps must be clearly marked with the holder's name.

Frogs

Resident and non-resident anglers with a valid fishing licence may capture in one day, or at any time possess no more than 12 northern leopard frogs for their own use. Blanchard's cricket frog, Fowler's toad, and the Gray treefrog are specially protected amphibians in Ontario and may not be captured for use as bait.

Worms

- There are no restrictions on the capture of worms for use as bait.

Bullfrogs and Snapping Turtles

Holders of valid fishing licences may catch and retain bullfrogs and snapping turtles during open seasons. For details on harvest areas, season dates and catch and possession limits, see the *Ontario Hunting Regulations Summary* under Game Amphibians and Reptiles or contact your local MNR office.

Import of Bait

- It is illegal to bring live fish, leeches, crayfish or salamanders into Ontario for use as bait.

Release of Bait

Anglers must **NOT** release live bait into waters other than the waterbody where the bait was originally captured.

Transporting Sport Fish in Ontario

Anglers need to ensure they are transporting fish in compliance with the regulations, which help protect fisheries resources.

The fish that you catch and keep may be cleaned. However, please remember that fish taken from waterbodies where size limits are in effect must be readily measurable at all times, unless the fish are:

- Being prepared for immediate consumption
- Prepared at an overnight accommodation for storage

- Being transported on the water from a temporary overnight accommodation to your primary residence and you are not engaged in sport fishing or
- Being transported overland.

In addition, when packaging fish you must ensure that a Conservation Officer can determine:

- The number of fish you have and
- The species of fish that you have in your possession.

Tips For Transporting Packaged Fish

1. Package each fish individually or arrange your fish in a clear freezer bag. Place the fillets flat in the bag. A layer of water can be added to further protect the fillets before freezing. **DON'T** freeze your fillets in a container such as a milk carton or margarine tub. A large lump of fillets frozen in bags is also not acceptable. **Remember, fish must be packaged in such a way that they can be easily counted.**
2. Ensure you leave at least a large patch of skin on all fish fillets for identification purposes. Since anglers often transport various species of fish, it's their responsibility to ensure each and every fillet of their catch can be identified.
3. Conservation Officers may inspect your catch at any time. Always have your fish and your licence easily accessible. Pack your coolers of fish last and where they can be quickly inspected. It's inconvenient for anglers to have to unload a vehicle to find licences and coolers.
4. If a Conservation Officer inspects the sport fish you're transporting and finds they are improperly packaged:
 - Your catch may be seized for evidence
 - You could get a ticket and be fined
 - You may have to attend court, usually close to where the inspection took place, which may be far away from where you live.
5. If you have questions about any regulation, contact the Ministry of Natural Resources office in the area that you intend to fish.

- Frozen fish fillets without skin attached
- Species cannot be identified
- Numbers can be counted

- Fillets frozen in a block
- Numbers cannot be counted
- Species cannot be determined on all fillets

- Walleye fillets properly packaged
- Whole skin attached
- Can be counted and identified

- Walleye fillets
- Patch of skin attached
- Can be counted and identified

- Perch fillets (left), walleye fillets (right)
- Patch of skin attached

- Pike fillets
- Individually packaged

Tips on Live Release of Fish

Using proper handling and release techniques improves fish survival. Here are some tips for successful catch-and-release:

Angling

- Use barbless hooks; avoid using live or organic bait
- Reduce the time a fish is played.

Handling

- Keep the fish in the water as much as possible and handle the fish gently
- Reduce handling that removes the slimy protective coating on fish
- Do not squeeze or touch the gills. Grasp the fish just behind the gill covers. For panfish and bass, it is best to grasp the fish by the lower lip
- Use long-nose pliers to remove the hook quickly without tearing or injuring the fish. If the fish is hooked deeply, cut the line and leave the hook in when the fish is released

- Never put a fish that you may release on a stringer, use a functional livewell or release the fish immediately

Remember that all fish kept (in a livewell, on a stringer, etc.) and not immediately released count towards your daily catch and possession limit.

Photographing

- Be ready ahead of time! Take pictures quickly, minimizing the amount of time the fish is out of the water
- Hold the fish in a horizontal position, supporting its weight with your arm and hands. Do not hold large fish in a vertical position.

Releasing

- Revive the fish before letting it go. Hold the fish upright in a swimming position in the water, moving the fish slowly forward and backward so water runs through the gills
- Ensure the fish is breathing and can swim away under its own power before it is released.

Remember: The Future of Fishing is in Your Hands.

Non-Angling Methods of Capturing Fish

Subject to specific conditions and in specified areas, anyone with a valid **Resident Fishing Licence** may fish using angling gear, one dip net, one seine, bow and arrow or spear. Opportunities and restrictions on non-angling activities are outlined in the following tables. Licence holders may also obtain, without charge from MNR offices, the permit required to dip net for pink salmon, whitefish and herring in specified areas of the province.

Persons with a valid **Non-Resident Fishing Licence** may fish with a single dip net or seine net for smelt, and a bow and arrow for carp, sucker and coarse fish under the conditions outlined below.

Coarse fish include: gar family, bowfin, catfish family, burbot, freshwater drum or sheepshead.

Before fishing, check the Map Specific Regulations for the area and waterbody you will be fishing in for any exceptions or additional restrictions.

Unless the regulations specifically state otherwise, all fishing by means other than angling must be done after sunrise and before sunset (during daylight hours).

Restrictions on Equipment

DIP NETS may be no more than 183 cm (6 ft.) on each side if square, or 183 cm (6ft.) across if circular.

SEINES may be no more than 10 m (32.8 ft.) long and 2 m (6.5 ft.) high.

SPEAR - Fishing with a spear, or having a spear within 30 m (100 ft.) of the edge of a body of water, is illegal except in the circumstances noted below.

Species	Method of Capture	Open Season	Waters
Northern Pike	- bow and arrow - dip net - spear	March & April	Waters of Divisions 1 and 2 excluding the waters of Lake Erie fronting Norfolk and Haldimand Counties, and Division 3 excluding waters in the County of Essex and the waters in Note 1 (see page 8) and excluding those parts of the Thames, Sydenham & Ausable Rivers in Division 3.
	- bow and arrow - dip net - spear	January, February, March & April	Waters in the County of Essex (Div. 3).
Smelt	- dip net - seine	March, April & May (day or night)	All waters except the following: Divisions 4, 6, 13, 22, 22A, 24, 30, and 31; those parts of the Thames, Sydenham & Ausable Rivers in Division 3; the waters in Note 1 (see page 8) (Div. 3); those parts of the Thames and Ausable Rivers in Division 4; waters in that part of the Regional Municipality of Durham in Division 6; and all the streams and rivers in the Counties of Bruce and Grey (excluding waters in Division 4 listed under "Additional Fishing Opportunities for Rainbow and Brown trout", see page 14); the Trent River and the part of Peterborough County in Division 7.

Non-Angling Methods of Capturing Fish (continued)

Unless the regulations specifically state otherwise, all fishing by means other than angling must be done after sunrise and before sunset (during daylight hours).

Species	Method of Capture	Open Season	Waters
Carp, Sucker & Coarse Fish	- dip net	March, April & May	All waters except Divisions 6, 13 and waters in Notes 1 & 2 (see below) of Divisions 3, 4 and 9.
	- bow and arrow	May 1 - July 15	Walkhouse Bay of Lake Huron (Robinson Twp.) and waters in Division 17.
	- spear	April & May	All waters except the following: the waters of Lake Erie fronting Norfolk and Haldimand Counties (Div. 2), the waters of Lake Huron fronting the Counties of Lambton, Bruce and Huron (Div. 35), Divisions 3, 5, 6 and 13, waters in the Counties of Bruce, Dufferin, Grey & Simcoe (Div. 4), waters in the City of Toronto, in the Regional Municipalities of Peel and York, waters in Morrison Twp. (Div. 15), the Rideau River between Hog's Back Dam and the Ottawa River (Div. 9) and the waters of Georgian Bay fronting the Counties of Bruce & Grey (Div. 16).
	- spear	March & April	Division 3 except waters in Note 1 (see below) and excluding those parts of the Thames, Sydenham and Ausable Rivers in Div. 3.
Carp & Sucker	- bow and arrow	May, June & July	Waters in Division 8; the St. Lawrence River, including Lake St. Francis (Divs. 11 and 12A); and the Ottawa River downstream from the Chaudière bridge fronting the City of Ottawa (formerly the Regional Municipality of Ottawa-Carleton) and the United Counties of Prescott & Russell (Div. 12).
Sucker & Coarse fish	- bow and arrow	March & April	Waters of Divisions 1 and 2 excluding the waters of Lake Erie fronting the Norfolk and Haldimand Counties, Division 3 excluding the waters in Note 1 (see below) and, the waters of that part of Division 4 in the Counties of Brant, Oxford, Perth, and Wellington and the Regional Municipalities of Halton, Hamilton-Wentworth, and Waterloo and Division 35, excluding Walkhouse Bay of Lake Huron (Robinson Twp.).
Sucker	- bow and arrow	April & May	Division 19.
Carp	- bow and arrow	May 1 - June 15	Divisions 1 and 2 except the following: the waters of Lake Erie fronting Norfolk and Haldimand Counties; the waters of Lake Ontario (Div. 8) fronting Haldimand and Hamilton Townships and the Municipality of Clarington, the City of Oshawa and the Town of Whitby and the waters of Walkhouse Bay of Lake Huron in Robinson Twp. (Div. 35). The County of Simcoe and the Holland River in the Regional Municipality of York (Div. 4); Division 5 except the Beaver River (also known as Beaverton River) and tributaries (Brock Twp.).
	- bow and arrow	May, June and July	Waters of Lake Ontario (Div. 8) fronting Haldimand and Hamilton Townships and the Municipality of Clarington, the City of Oshawa and the Town of Whitby.
	- bow and arrow	March 1 - June 15	Waters in the Counties of Brant, Oxford, Perth & Wellington and in the Regional Municipalities of Halton, Hamilton-Wentworth & Waterloo (Div. 4); Division 3 except for waters in Note 1 (see below).
	- bow and arrow	May 1 - August 15	Waters in the County of Huron (Div. 4).
	- bow and arrow	Sat. after 2nd Fri. in May to July 31	Division 6:
	- bow and arrow	June & July	Rideau River between the dam at Burritts Rapids and Lock 17 and the dam in the West Branch Rideau River at Long Island and Lock 16, including Kemptville Creek to County Road 43; waters in the Counties of Stormont, Dundas, Glengarry, Prescott and Russell (Div. 9).
	- dip net	contact local MNR Office for details	All divisions.
Pink Salmon, Whitefish & Herring	- dip net	contact local MNR Office for details	All divisions.

Note 1: The following waters are exceptions as noted in the table:

- Waters in the Township of Delhi
- Waters in the Township of Norfolk & north of Concession 3 in the former township of South Walsingham (Div. 3)
- Young's Creek in the City of Nanticoke in Norfolk and Haldimand Counties (Div. 3)
- Grand River and tributaries downstream of the Onadaga and Tuscarora Twps. line to Lake Erie.

Note 2: The following waters are exceptions as noted in the table:

- The part of Division 6 within the Regional Municipality of Durham and all the streams and rivers in the Counties of Bruce and Grey (excluding waters in Division 4 listed under "Additional Fishing Opportunities" on page 14)
- The Rideau River between Hog's Back Dam and the Ottawa Riverâ
- The Thames, Sydenham and Ausable rivers.

Laws to Help Stop the Spread of Invading Species

Harmful introduced species are often spread unknowingly. As an angler or boater, you should always take precautions to help stop the spread of invading species. You should also be aware that there are laws in place to help ensure that unauthorized introductions do not take place.

NOTE: It is illegal to possess a ruffe unless you are taking the fish to MNR for identification. Also, new regulations are proposed that will make it illegal to possess a number of invasive fish, including round goby, tubenose goby and any species of snakehead.

Moving Live Fish

Many new populations of non-native fish species have been established through unauthorized stocking or release. This practice is illegal and can cause great harm to existing fisheries and aquatic ecosystems.

A licence is required for all fish (including live spawn) transfers and stocking into Ontario waters, and a licence is required to ship or transport live fish, other than bait-fish, taken from Ontario waters.

Also, take care when cleaning smelt. Do not rinse equipment or dump entrails into a lake or river. Fertilized smelt eggs can easily invade new waters.

Aquarium Fish

Releasing unwanted aquarium pets into natural waters can harm the environment and is illegal. Never release or flush pets, plants or water from aquaria, backyard ponds or water gardens. If you have an unwanted aquarium pet, you can return it to a local pet store, donate it to a school or contact the Fish Rescue Program at 1-800-563-7711.

Round Goby

The round goby is a serious threat to North American waters. Since its discovery in the St. Clair River in 1990, this bottom-dwelling fish has rapidly spread to many areas of the Great Lakes and inland waters. Once established, populations typically increase quickly. The round goby can displace native fish, eat their eggs and young, take over optimal habitat, spawn multiple times a season, and survive in poor quality water — giving them a competitive advantage.

Anglers should know how to identify the round goby. Often, they are the first to discover round gobies because these aggressive fish are easily caught by hook and line.

What you can do...

- Your help to report new sightings and to prevent their spread is vital
- Never use gobies as bait. It is against the law. Always dispose of your unwanted bait on land or in the trash. Never dump your bait bucket into a waterbody. If you catch a round goby do not throw it back alive!

For more information or to report a sighting call the **Invading Species Hotline 1-800-563-7711** or your local MNR office.

By spreading the word and taking action against invading species you can help conserve Ontario's healthy fisheries!

QUICK REFERENCE TABLE FOR DATES

Note: Species NOT listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNR office. For information on bait-fish restrictions, see page 5.

Size Limits

Unless otherwise stated, the length referred to is total length. (See page 4.)

Size restrictions listed above apply to both Sport Fishing and Conservation licences.

Daily Catch and Possession Limits

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of fish.

The **catch** limit is the number of fish you are allowed to catch and keep in one day. The **possession** limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

Shore Meals - Fish caught that day and eaten are counted as part of your daily catch limit.

† Catch and Possession Limits for Salmon and Trout COMBINED

(Not exceeding individual species limits where otherwise stated)

- S** • Div. 1 (Lake St. Clair, St. Clair River and Detroit River) & Div. 2 (Lake Erie): five (5) salmon and trout in one day, but not more than three (3) may be lake trout, brook trout, and splake combined. In Lake Huron (Div. 35), not more than two (2) may be rainbow trout.
- Divs. 3, 4, & 5: five (5) salmon and trout in one day, but not more than two (2) may be lake trout.
- C** • Two (2) in one day but not more than one (1) may be lake trout. Lake Huron (Div. 35) not more than one (1) rainbow trout. Divs. 3 & 4, see General Areas Exceptions for rainbow trout in tributaries to Lake Huron and Georgian Bay and lake trout in tributaries to Lake Ontario.

Southwestern Ontario

General Notes

- The Talbot River and its tributaries and the Trent Canal System in Brock Twp., Durham Region and Ramara Twp., Simcoe County, are part of Div. 6.
- Sparrow Lake (Orillia and Morrison Twp.) is in Div. 4.
- The Niagara River upstream from Niagara Falls is in Div. 2.
- Severn River System in the Regional Municipality of Muskoka, including Gloucester Pool, is in Div. 4.
- Lake Simcoe is all of Div. 5. See exceptions for cisco (lake herring) season and limits.
- The Detroit River and St. Clair River are in Div. 1.

Additional Fishing Opportunities

YEAR-ROUND OPEN SEASON

Location	Div.
Rainbow and Brown Trout	
Ausable River - Bosanquet Twp. from Hwy. 21 bridge to Lake Huron at Port Franks (known as "The Cut"), (Lambton County).	3
Bayfield River - Goderich and Stanley Twp. from Hwy. 21 to Lake Huron (Huron County).	4
Big Creek - Delhi and Norfolk Twp. from Regional Road 21 to Long Point Bay of Lake Erie.	3
Bighead River - Town of Meaford from the Hwy. 26 bridge to Nottawasaga Bay (Georgian Bay) (Grey County).	4
Black Creek - City of Nanticoke from Hwy. 3 to Lake Erie.	3
Bronte Creek - Town of Oakville from Hwy. 2 to Lake Ontario.	4
Coldwater River - from County Road 19 downstream (north) to Georgian Bay (Simcoe County).	4
Credit River and tributaries - City of Mississauga from the south side of the Queen Elizabeth Way bridge downstream to Lake Ontario and from the north side of the Hwy. 5 (Dundas St.) bridge upstream to the south side of the Hwy. 403 bridge.	4
Fifteen Mile Creek - City of St. Catharines and town of Lincoln between the Queen Elizabeth Way and Lake Ontario.	3
Forty Mile Creek - Town of Grimsby between the Queen Elizabeth Way and Lake Ontario.	3
Grindstone Creek - City of Burlington from Hwy. 2 (Plains Road) to Hamilton Harbour of Lake Ontario - Regional Municipalities of Hamilton-Wentworth and Halton.	4
Humber River - City of Toronto between Eglinton Ave. and Lake Ontario.	4
Lynn River - Town of Port Dover and the City of Nanticoke from the Misner Dam to Lake Erie.	3
Maitland River - Colborne Twp. and the Town of Goderich from Hwy. 21 to Lake Huron (Huron County).	4
North Thames River (main branch only) - Middlesex County.	3
Nottawasaga River - from the Boyne River downstream (north) to Georgian Bay.	4
Oakville Creek (Sixteen Mile Creek) - Town of Oakville from Hwy. 2 to Lake Ontario.	4
Penetangore River - Town of Kincardine from Queen Street to Lake Huron (Bruce County).	4
Pottawatomi River - City of Owen Sound from the intersection of 15th Street West and 7th Avenue West to Georgian Bay (Grey County).	4
Rondeau Bay - Waters fronting Kent County.	3
Rouge River - City of Toronto between Hwy. 2 and Lake Ontario.	4
Sauble River - Amabel Twp., 440 m (1444 ft.) downstream from the lowest ledge of Sauble Falls to Lake Huron (Bruce County).	4
Saugen River - Saugen and Amabel Twp. from the cement abutments below Denny's Dam to Lake Huron (Bruce County).	4
Sixteen Mile Creek - Town of Lincoln between the Queen Elizabeth Way and Lake Ontario.	3
Spencer Creek - City of Hamilton from Hwy. 102 (Coates Dr.) to Lake Ontario.	4
Sydenham River - City of Owen Sound from a point 177 m (581 ft.) downstream from the Mill Dam to Georgian Bay (Grey County).	4

Location	Div.
Rainbow and Brown Trout (continued)	
Teller (Bothwell's) Creek - Sydenham Twp. from the bridge on County Road 15 to Georgian Bay (Grey County).	4
Thames River (main branch only) - Elgin County and Middlesex County.	3
Trout Pond of Waterford Ponds - City of Nanticoke.	3
Twelve Mile Creek - City of St. Catharines between Lakeport Road and Lake Ontario.	3
Twenty Mile Creek - Town of Lincoln between the Queen Elizabeth Way and Lake Ontario.	3
Young's (Ryse) Creek - City of Nanticoke formerly the Twp. of Woodhouse, from the downstream side of the lakeshore road bridge to the waters edge of Lake Erie at Port Ryse.	3
Atlantic Salmon	
Regional Municipality of Niagara - all waters lying downstream of the Queen Elizabeth Way - minimum length of 63 cm (24.8 in.).	3
Regional Municipalities of Hamilton-Wentworth (including Hamilton Harbour), Halton, Peel and City of Toronto - all waters lying downstream of the Queen Elizabeth Way or Gardiner Expressway to Lake Ontario, excluding Highland Creek and the Rouge River - minimum length of 63 cm (24.8 in.).	4
Highland Creek - City of Toronto - downstream from the south side of the C.N.R. bridge to Lake Ontario - minimum length of 63 cm (24.8 in.).	4
Rouge River - City of Toronto - downstream from the south side of the C.N.R. bridge to Lake Ontario - minimum length of 63 cm (24.8 in.).	4
Northern Pike	
Bayfield River - Goderich and Stanley Twp. from Hwy. 21 to Lake Huron (Huron County).	4
Maitland River - Colborne Twp. and the Town of Goderich from Hwy. 21 to Lake Huron (Huron County).	4
Sturgeon	
Bayfield River - Goderich and Stanley Twp. from Hwy. 21 to Lake Huron (Huron County).	4
Maitland River - Colborne Twp. and the Town of Goderich from Hwy. 21 to Lake Huron (Huron County).	4
Simcoe County - all waters.	4
Walleye and Sauger	
Bayfield River - Goderich and Stanley Twp. from Hwy. 21 to Lake Huron (Huron County).	4
Maitland River - Colborne Twp. and the Town of Goderich from Hwy. 21 to Lake Huron (Huron County).	4
Whitefish	
Bayfield River - Goderich and Stanley Twp. from Hwy. 21 to Lake Huron (Huron County).	4
Maitland River - Colborne Twp. and the Town of Goderich from Hwy. 21 to Lake Huron (Huron County).	4

EXTENDED FALL SEASON FOR RAINBOW AND BROWN TROUT

The normal open season [last Sat. in Apr. - Sept. 30] is extended to last Sat. in Apr. - Dec. 31 in:

Location	Div.
Bayfield River - Goderich and Stanley Twp. from Hwy. 4 to Hwy. 21 (Huron County).	4
Beaver River - Collingwood Twp. from the Thornbury Dam to Georgian Bay (Grey County).	4
Big Creek - south of the Quance Dam to Regional Road 21 at Lynedoch.	3
Bighead River - St. Vincent Twp. (Grey County).	4
Big Otter Creek - Bayham Twp. (Elgin County).	3
Bronte Creek - Town of Oakville between Hwy. 5 (Dundas St.) and the unopened road allowance at Rebecca Street.	4
Grand River - from 25 m (82 ft.) downstream of Wilkes Dam in the city Brantford, downstream to the edge of Lake Erie (see Exceptions for catch and possession limits).	3 & 4
Grand River - between Paris and Brantford from a line across the Grand River in Paris at 100 m (328 ft.) downstream of the Hwy. 2 bridge downstream to the pedestrian and service bridge that crosses the Grand River on an angle upstream (west) of the Brant Conservation Area in the City of Brantford.	4
NOTE: catch and release only.	
Hog Creek - Tay Twp. from the C.P.R. bridge (Lot 9, Conc. 6) downstream (north) to Georgian Bay (Simcoe County).	4
Humber River - City of Toronto between Eglinton Ave. and Steeles Ave.	4

Location	Div.
Little Otter Creek - East branch of Big Otter Creek, in Bayham Twp.	3
Little Sauble River - Bruce Twp. from Hwy. 21 to Lake Huron (Bruce County).	4
Mainland River - Colborne, Goderich, Turnberry, East and West Wawanosh Twp. between County Road 4 and Hwy. 21 (Huron County).	4
Nine Mile (Lucknow) River - Ashfield and West Wawanosh Twp. between County Road 86 and Lake Huron (Huron County).	4
North Creek - Middleton Twp. downstream of Hwy. 3.	3
North River - Matchedash Twp. from MacLaughlins Falls to Matchedash Bay (Georgian Bay) (Simcoe County).	4
Sauble River - Amabel Twp. from Sauble Falls to Lake Huron (Bruce County).	4
Saugen River - Arran, Amabel, Brant, Elderslie and Saugen Twp. and in the Town of Walkerton and the Village of Paisley, between the Trux Dam (Walkerton) and the westerly edge of the abutments of Denny's Dam, (Bruce County).	4

All other species not listed here except largemouth and smallmouth bass and brook trout open from last Sat. in Apr. - Dec. 31.
Nine Mile River tributaries - Huron County, Hwy. 86 downstream to Lake Huron.	4	Fish sanctuary - no fishing from Jan. 1 - Fri. before 1st Sat. in May & Oct. 1 - Dec. 31.
Nine Mile River - 100 m (328 ft.) above Port Albert Fishway - Ashfield Twp.	4	Fish sanctuary - closed all year.
Normandale (Potters) Creek - Delhi Twp.	3	Fish sanctuary - no fishing from Jan. 1 - Fri. before last Sat. in Apr. & Oct. 1 - Dec. 31.
North Creek - Delhi Twp., south of Hwy. 3.	3	Fish sanctuary - no fishing from Jan. 1 - Fri. before last Sat. in Apr.
North River - Tay and Matchedash Twp.	4	Fish sanctuary - no fishing from Apr. 1 - Fri. before 2nd Sat. in May.
Nottawasaga River and tributaries upstream (west) of County Road #50.	4	Salmon (all species) open from the last Sat. in Apr. - Sept. 30.
Nottawasaga River - Essa Twp., waters lying within Lot 1, Conc. V from Hwy. 89 above Nicholson Dam downstream to near the confluence of the Boyne River.	4	Fish sanctuary - no fishing from Jan. 1 - Fri. before 2nd Sat. in May & Sept. 16 - Dec. 31.
Orchard Creek (Centreville Creek) and tributaries in St. Vincent Twp.	4	Rainbow trout open from June 1 to Sept. 30.
Park Head Creek in Amabel Twp. from the confluence of Park Head Creek with the Sauble River upstream to Hwy. #6.	4	Rainbow trout open from June 1 to Sept. 30.
Pefferlaw Brook - Town of Georgina.	4	Fish sanctuary - no fishing from 2nd Sat. in May - Fri. before last Sat. in June.
Pine River and tributaries upstream (west) of the Nottawasaga River.	4	Salmon (all species) open from last Sat. in Apr. - Sept. 30.
Pinery Park Pond - Bosanquet Twp., Lambton County.	3	Brook, brown and rainbow trout open from Jan. 1 - Mar. 31 & last Sat. in Apr. - Sept. 15.
Pottawatomi River and Maxwell Creek - City of Owen Sound and Derby Twp. from the intersection of 15th Street West and 7th Avenue West upstream to the base of the escarpment.	4	Fish sanctuary - no fishing from last Sat. in Apr. - May 31 & Sept. 1 - Sept. 30.
Pretty River and tributaries - Town of Collingwood and Nottawasaga Twp.	4	Fish sanctuary - no fishing from Jan. 1 - Fri. before last Sat. in Apr. & Oct. 1 - Dec. 31.

Waters of Southwestern Ontario (Map A)	Div.	Exceptions
Pretty River and tributaries - Collingwood and Oseway Twp.	4	Rainbow trout open from June 1 - Sept. 30.
Rouge River - City of Toronto - upstream of the south side of the C.N.R. bridge.	4	Atlantic salmon closed all year.
Sangs Creek and tributaries - Arran Twp.	4	Fish sanctuary - no fishing from last Sat. in Apr. - May 31.
Saugeen River - Amabel and Saugeen Twp., Denny's Dam to the concrete abutments downstream.	4	Fish sanctuary - closed to night fishing Oct. 1 - Oct. 31 (one-half hour after sunset to one-half hour before sunrise).
Saugeen River - Brant Twp., from dam face of Maple Hill Dam to 300 m (984 ft.) downstream including Hydro Electric Power Channel.	4	Fish sanctuary - closed all year.
Severn River - Severn Twp.	4	Fish sanctuary - no fishing from Apr. 1 - Fri. before 2nd Sat. in May.
Sheldon Creek and tributaries upstream (west) of County Road #50.	4	Salmon (all species) open from last Sat. in Apr. - Sept. 30.
Silver Creek and tributaries - Town of Collingwood and Nottawasaga Twp.	4	Fish sanctuary - no fishing from Jan. 1 - Fri. before last Sat. in Apr.
Silver Creek and tributaries - Town of Collingwood, Collingwood and Nottawasaga Twp.	4	Rainbow trout open from June 1 - Sept. 30.
Spencer Creek (Valer's Reservoir) - Flamborough Twp.	4	Fish sanctuary - no fishing from Apr. 1 - Fri. before last Sat. in June.
Stoney Creek - Delhi Twp., south of Hwy. 3 to Big Creek.	3	Fish sanctuary - no fishing from Jan. 1 - Fri. before last Sat. in Apr.
Sturgeon River - Tay and Oro-Medonte Twp. upstream (south) of the lamprey barrier.	4	Fish sanctuary - no fishing from Jan. 1 - Fri. before last Sat. in Apr.
Sydenham River - Artificial Spawning Channels Nos. 1 and 2 - Derby Twp.	4	Fish sanctuary - closed all year.
Sydenham River - City of Owen Sound and Derby Twp., from Inglis Falls to Mill Dam, excluding Artificial Spawning Channels Nos. 1 and 2.	4	Fish sanctuary - no fishing from last Sat. in Apr. - May 31.
Sydenham River - City of Owen Sound and Derby Twp., from the base of Inglis Falls downstream to a line drawn due east from the north end of the Chinese or Rainbow Bridge to the permanent steel post marker affixed to the shore in Harrison Park.	4	Fish sanctuary - no fishing from Sept. 1 - Sept. 30.
Sydenham River - City of Owen Sound, from the Mill Dam to a point 177 m (581 ft.) downstream.	4	Fish sanctuary - closed all year.
Telfer (Bothwell's) Creek - Sydenham Twp. (Grey County).	4	Fish sanctuary - no fishing from last Sat. in Apr. - May 31.
Thames River - Elgin, Kent, and Middlesex Counties; Chatham to Middlesmiss Bridge.	3	Fish sanctuary - no fishing from Mar. 15 - Apr. 15.
Thames River and its tributaries - from the waters edge of Lake St. Clair to the Springbank Park Dam in the City of London.	3	Walleye catch and possession limit of six (6), only one (1) greater than 46 cm (18.1 in.) in length. Conservation licence limit of two (2), only one (1) greater than 46 cm (18.1 in.) in length.
Thames River - between the dam at Gordon Pitcock Reservoir and the bridge at Hwy. 59.	4	Fish sanctuary - no fishing from Mar. 15 - Fri. before 2nd Sat. in May.
Tug Channel and unnamed channel - between Little Lake and Georgian Bay - Tay and Georgian Bay Twp.	4	Fish sanctuary - no fishing from Apr. 1 - Fri. before 2nd Sat. in May.
Whiteman's Creek and tributaries from the East Quarter Town Line Road downstream to the edge of the Grand River.	4	Fish sanctuary - no fishing from Oct. 1 - Fri. before last Sat. in Apr.
Whiteman's (Homer) Creek - between Robinson Road and Cleaver Sideroad - Brantford Twp.	4	Catch and possession limit of five (5) salmon and trout, but not more than one (1) rainbow or brown trout. Brown trout and rainbow trout minimum length of 50 cm (19.7 in.). Artificial lures with a barbless hook must be used.
Wilcox Lake - Grey County.	4	Brook, brown & rainbow trout open from Jan. 1 - Mar. 31 and last Sat. in Apr. - Sept. 30.
Wilder Lake - Grey County.	4	Brook, brown & rainbow trout open from Jan. 1 - Mar. 31 and last Sat. in Apr. - Sept. 30.
Williams Lake - Grey County.	4	Brook, brown & rainbow trout open from Jan. 1 - Mar. 31 and last Sat. in Apr. - Sept. 30.
Willow Creek - St. Edmunds Twp.	4	Fish sanctuary - no fishing from last Sat. in Apr. - Fri. before 2nd Sat. in May.
Young's (Ryser) Creek - Delhi Twp. and the City of Nanticoke, between the dam on Lot 23, Conc. II in the former Twp. of Charlotteville and the downstream side of the bridge on the Lakeshore Road at Port Ryerse.	3	Fish sanctuary - no fishing from Jan. 1 - Fri. before last Sat. in Apr.

RECREATIONAL FISHING REGULATIONS

 **Provincial fishing regulations** have become complex over the past few decades. This makes the regulations very difficult to understand and a potential barrier to new anglers. To address this matter, the Ministry of Natural Resources has embarked on an initiative to simplify recreational fishing regulations and provide enhanced fishing opportunities across the province.

Over the next two years, the ministry will also be reviewing the fishing division boundaries and preparing guidelines for managing all the major recreational fish species in the province.

You will notice that the fishing regulation summary now covers two years, 2005 and 2006. This will assist us in preparing the new fishing divisions and streamlining the regulations in time for the 2007 summary. Please help reduce the environmental impact of printing this summary by keeping your copy until a new one is available in 2007.

SOUTHEASTERN ONTARIO – MAP B

Southeastern Ontario (Map B) Division/Species Table

FISHING LICENCE LIMITS:

- S - Sport Fishing
- C - Conservation Fishing

Open Seasons (all dates inclusive) - Catch, Possession and Size Limits
You **MUST** check the Exceptions on pages 25 to 27 for additional regulations on specific water bodies

Note: Species NOT listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNR office. For information on bait-fish restrictions, see page 5.

Size Limits

Unless otherwise stated, the length referred to is total length. (See page 4.)

Size restrictions listed above apply to both Sport Fishing and Conservation licences.

Daily Catch and Possession Limits

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of fish.

The catch limit is the number of fish you are allowed to catch and keep in one day.

The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

Shore Meals - Fish caught that day and eaten are counted as part of your daily catch limit.

† Catch and Possession Limits for Salmon and Trout COMBINED

(Not exceeding individual species limits where otherwise stated)

- S** • Divs. 8 and 11 (Lake Ontario and St. Lawrence River): five (5) salmon and trout in one day, but not more than three (3) may be lake trout, brook trout, and splake combined.
- Divs. 6, 7, 9, 10, 12, 12A & 29: five (5) salmon and trout combined, in one day. Divs. 6, 7 and 9, see General Area Exceptions for lake trout in tributaries to Lake Ontario.
- C** • Two (2) in one day with not more than one (1) lake trout.

NOTE: Other seasons - Division 6

All other species not listed in above table are open from last Sat. in Apr. - Nov. 15.

S • no limit

C • no limit

This does not include bait-fish, see page 5.

Note: Species not listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNP office. For information on bait-fish restrictions, see page 5.

Size Limits

Unless otherwise stated, the length referred to is total length. (See page 4.)

Size restrictions listed above apply to both Sport Fishing and Conservation licences.

Daily Catch and Possession Limits

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of fish.

The **catch limit** is the number of fish you are allowed to catch and keep in one day. The **possession limit** is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

Shore Meals - Fish caught that day and eaten are counted as part of your daily catch limit.

† Catch and Possession Limits for Salmon and Trout COMBINED

(Not exceeding individual species limits where otherwise stated)

- S • Divs. 8 and 11 (Lake Ontario and St. Lawrence River): five (5) salmon and trout in one day, but not more than three (3) may be lake trout, brook trout, and splake combined.
- Divs. 6, 7, 9, 10, 12, 12A & 29: five (5) salmon and trout combined, in one day.
- C • Divs. 6, 7 and 9, see General Area Exceptions for lake trout in tributaries to Lake Ontario.
- Two (2) in one day with not more than one (1) lake trout.

Southeastern Ontario

General Notes

- Fishing is prohibited in all waters of Div. 6, including Kawartha Lakes and Dalrymple Lake in the City of Kawartha Lakes (formerly known as Victoria County) and Simcoe County, from Nov. 16 to the Friday before the last Saturday in April in any year. This restriction does not apply to Lake Scugog ice fishing in Jan. and Feb.; nor does it affect "Additional Fishing Opportunities" listed below.
- Lake Scugog: walleye and yellow perch seasons open Jan. 1 - last day in Feb.
- Div. 10 includes Opinicon, Wolfe and Silver Lakes in the County of Frontenac and White, Brook, Clyde and Bartraw Lakes in the County of Renfrew.
- The waters of the Trent River from Percy Reach to Lock 9 are in Div. 7.
- The Talbot River and its tributaries and the Trent Canal system in Ramara Twp., Simcoe County and Brock Twp., Durham Region, are in Div. 6.

- The Niagara River downstream of Niagara Falls is in Div. 8.
- The waters of Millhaven Creek downstream of the first dam are in Div. 8.
- The waters of the Cataraqui River downstream of the dam in Kingston Mills are in Div. 11.

Bait Restrictions

- In Divs. 9, 10 & 29 there is a year-round ban on fishing with live or dead lake herring (cisco) as bait.

Licences for Provincial Border Waters

Ontario-Quebec Border: You may fish in Lake Timiskaming and throughout Div. 12 (Ottawa River) and in Div. 12A (Lake St. Francis) with either an Ontario Resident or a Quebec Resident fishing licence.

Additional Fishing Opportunities

Otonabee River (Bobcaygeon) - Verulam and Harvey Twps. from Trent-Severn Dam and Little Bob Dam to Pigeon Lake.	6	Fish sanctuary - no fishing from last Sat. in Apr. - Fri. after 2nd Sat. in May.
Otonabee River (Rosedale/Fenelon Twp.) Trent-Severn Dam to Cameron Lake.	6	Fish sanctuary - no fishing from last Sat. in Apr. - Fri. after 2nd Sat. in May.
Otonabee River (Peterborough) from Trent-Severn Dam at Lock No. 19 to Bensford Bridge at County Road 2.	6	Fish sanctuary - no fishing from last Sat. in Apr. - Fri. after 2nd Sat. in May.
Ottawa River - between the Quebec Carillon Power House and Pointe Fortune.	12	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
Ottawa River - from the Lake Temiscamingue Dam downstream to a line drawn due east from the southernmost point of land at the mouth of Fournier Creek in Poitras Twp.	12	Fish sanctuary - no fishing from Apr. 1 - June 15.
Ottawa River, Madawaska River and Mississippi River - including waters of the Madawaska River downstream from the Armory Generating Station, Ottawa River from Dochart Creek to the lighthouse (45°27'03"N., 76°21'02"W.) and then east following the inter-provincial boundary to the south end of the CNR bridge at Laverne Point - West Carleton Twp., and the Mississippi River downstream from the Generating Station at the town of Galetta.	9, 12 & 15	Fish Sanctuary - no fishing from Mar. 1 to Fri. before 3rd Sat. in May.
Otter Lake - Ashby Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Paddy Lake - Dalhousie Twp.	10	Live fish may not be used as bait or possessed for use as bait.
Palmerston Lake - Palmerston and South Canonto Twps.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Pierce's Flow - Rear of Leeds and Lansdowne Twps.	10	Fish sanctuary - closed all year.
Pigeon River (Omamee) - Emily Twp., from Omamee Dam to C.N.R. bridge.	6	Fish sanctuary - no fishing from last Sat. in Apr. - Fri. after 2nd Sat. in May.
Pike Lake.	10	Walleye must be less than 35 cm (13.8 in.) or greater than 50 cm (19.7 in.) in length.
Rainy Lake - Effingham Twp.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Raisin River - those portions of the river in the village of Martintown and Lot 43, Conc. 1, north side of Raisin River in Charlottenburgh Twp.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
Redhorse Lake.	10	The use of alewife or gizzard shad (live or dead) as bait is prohibited.
Rideau River.	9 & 10	Muskellunge minimum length of 112 cm (44 in.).
Robertson Lake.	10	No walleye size limit.
Sand Lake - N. Crosby Twp., that part lying in Lots 15 and 16, Conc. IX and Lot 15, Conc. VIII, and the waters of the river flowing between Wolfe Lake and Sand Lake.	10	Fish sanctuary - closed all year.
Sand Lake (Freeman's Bay) - South Crosby Twp.	10	Fish sanctuary - closed all year.
Scuggog River (Lindsay - Ops Twp.) - from Trent-Severn Dam to Ops-Fenelon boundary.	6	Fish sanctuary - no fishing from last Sat. in Apr. - Fri. after 2nd Sat. in May.
South Nation River - Cambridge Twp., Coupa's dam in Casselman downstream to the westerly limit of Lot 11, Conc. V.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
South Nation River - Finch Twp., Hamlet of Cryslar.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
South Nation River - North Plantagenet Twp., between north side of Conc. IV and a point 30.5 m (100 ft.) upstream of C.P.R. right-of-way.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
South Nation River - Winchester Twp., Village of Chesterville.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
Stoco Lake (44°28'N., 77°17'W.).	7	Muskellunge minimum length of 102 cm (40 in.).
Talbot River - Brock and Ramara Twps. - from Hwy. 12 to Dam at Lot 6, Conc. XI.	6	Fish sanctuary - no fishing from Mar. 16 - Fri. before last Sat. in June.
Tabot River and its tributaries and the Trent Canal system in Brock Twp., Regional Municipality of Durham and Ramara Twp., Simcoe County.	6	Muskellunge closed all year. Yellow perch catch limit of fifty (50), possession limit of one-hundred (100). Conservation licence limit of twenty-five (25), possession limit of fifty (50).
Talbot River - Kirkfield - Carden Twp., fronting Conc. VII, VIII and IX.	6	Fish sanctuary - no fishing from last Sat. in Apr. - Fri. after 2nd Sat. in May.
Tay River in Lots 3-6, in Conc. II & III in Bathurst Twp.	10	Fish sanctuary - no fishing from Apr. 1 - 1st Mon. in June.
Taylor Lake.	10	Walleye minimum length of 41 cm (16.1 in.).
Thamet Lake.	7	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Trent River - City of Quinte West between the first dam north of Lake Ontario downstream to the south side of the Dundas Street bridge and the Trent Canal from Lock No. 1 downstream to where it joins the Trent River.	8	Fish sanctuary - no fishing from Apr. 1 - Fri. before 1st Sat. in May.
Trent River - from the first dam (Number One) above Lake Ontario upstream to Lock No. 9 (Meyers Lock) at the head of Percy Reach.	7	Muskellunge minimum length of 102 cm (40 in.).
Trent River fronting Lots 4 & 5, Conc. VIII, Asphodel Twp. and Lots 14 & 15, Conc. XII, Percy Twp. (Village of Hastings).	6	Fish sanctuary - no fishing from last Sat. in Apr. - Fri. after 2nd Sat. in May.
Twin Island Lake.	29	Walleye must be less than 46 cm (18.1 in.) or greater than 61 cm (24 in.) in length.
Upper Rideau Lake (44°41'N., 76°20'W.) - North Crosby Twp.	10	Walleye minimum length of 50 cm (19.7 in.). Walleye catch and possession limit of two (2), Conservation licence limit of one (1).
Weslemkoon Lake - Ashby Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Westport Pond - North Crosby Twp.	10	Fish sanctuary - closed all year.
White Lake - Bagot, Darling and McNabb Twps.	10	Walleye must be less than 35 cm (13.8 in.) or greater than 50 cm (19.7 in.) in length.
White Lake - Olden Twp.	9	Fish sanctuary - closed all year.
Whitefish Lake (Jones Falls Bay) - South Crosby Twp.	9	Fish sanctuary - closed all year.
Wiltse Creek - Front of Leeds and Lansdowne Twps.	10	Fish sanctuary - closed all year.

Guide to Eating Ontario Sport Fish

Fish can be an important part of a balanced diet. Fish are low in fat and offer an excellent source of high-quality protein and other essential nutrients. However, some fish caught from Ontario waters can contain high levels of contaminants. To protect those who eat sport fish, the Ontario government tests fish from lakes and rivers throughout the province for substances such as mercury, dioxins and furans, PCBs, mirex/photomirex and toxaphene. The results of these tests are made available every two years in the Guide to Eating Ontario Sport Fish. The guide provides species and size-specific advice on fish consumption from more than 1,700 locations in Ontario.

The 2005-2006 Guide to Eating Ontario Sport Fish will be available free of charge from offices of the Ministries of Natural Resources and Environment by March 2005. Copies can also be obtained by contacting the Ministry of the Environment's Sport Fish Contaminant Monitoring Program at the phone number or email address given below. Electronic copies are available on the ministry's web site (www.ene.gov.on.ca). An educational brochure for women of childbearing age is available, either individually or in bulk, free of charge by contacting the Sport Fish Contaminant Monitoring Program or at the ministry's website. For questions about the guide or specific consumption advisories, or to receive copies of these publications contact the **Sport Fish Contaminant Monitoring Program** by phone (416-327-6816 -or- 1-800-820-2716) or by e-mail (sportfish@ene.gov.on.ca).

CENTRAL ONTARIO – MAP C

Central Ontario - Map C

Includes Divisions 12, 13, 15, 16, 17, 27, 28 and 35

For map specific regulations check the Division/Species Table and the Exceptions to the General Regulations for this map area on the following pages.

● Ministry of Natural Resources Offices

General Notes

- **Tourist Operators that rent out ice fishing huts on Lake Nipissing must now obtain a licence. Contact the North Bay District Office for details.**
- **Algonquin Park:** All fishing is prohibited in Div. 13 from Jan. 1 - Fri. before last Sat. in Apr. & Dec. 1 - Dec. 31.
- **Lake Nipissing:** All angling in Div. 27 is prohibited from Mar. 8 - Fri. before Victoria Day & Oct. 16 - Dec. 31.
- **St. Mary's River,** all waters east or down river of the compensation works at the head of the St. Mary's River rapids in Sault Ste. Marie and including Echo Bay are within Div. 17.

Licences for Provincial Border Waters

Ontario-Quebec Border: You may fish in Lake Timiskaming and throughout Div. 12 (Ottawa River) and in Div. 12A (Lake St. Francis) with either an Ontario Resident or a Quebec Resident fishing licence.

ATTENTION: Lake Huron Anglers

\$100 OR (US) REWARD - for the return of fish with internal, temperature-recording tags as described by an external gauging tag near the dorsal or pelvic fin. The tags are being placed in lake trout, chinook salmon, lake whitefish, lake sturgeon and sea lamprey. The date, time and location of capture must be submitted along with the entire fish (not gutted). The fish are only located in Lake Huron and the tag must state - **"\$100 REWARD FOR FISH & INTERNAL TAG"** - to qualify.

For reward and pick-up, please contact:

Hammond Bay Biological Station
Millersburg, Michigan 49759

ONTARIO'S URBAN FISHING PROGRAM

Virtually all of Ontario's larger urban centers are located on or near water and offer a fantastic diversity of doorstep angling opportunities. In 2004, the Ministry of Natural Resources initiated a three-year pilot program in southern Ontario to improve angling opportunities in and around urban centres and increase participation in angling by urban residents, particularly youth.

The urban fishing program involves improving access to fishing sites, installing fish attractor structures, organizing fishing derbies and festivals, publishing information on where to fish (and for what) and providing loaner fishing equipment.

So get fishing! For more information on urban fishing opportunities in your area contact your local MNR office.

Note: Species NOT listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNR office. For information on bait-fish restrictions, see page 5.

Size Limits

Unless otherwise stated, the length referred to is total length. (See page 4.)
Size restrictions listed above apply to both Sport Fishing and Conservation licences.

Daily Catch and Possession Limits

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of fish.
The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.
Shore Meals - Fish caught that day and eaten are counted as part of your daily catch limit.

† Catch and Possession Limits for Salmon and Trout COMBINED

[Not exceeding individual species limits where otherwise stated]

- Lake Huron (south of the north end of the Bruce Peninsula), and Georgian Bay (excluding Big Sound) (Divs. 16 and 35): five (5) salmon and trout, but not more than three (3) may be lake trout and brook trout combined, and not more than two (2) may be rainbow trout.
- See the "Exceptions to the General Regulations" on p. 37 for regulations affecting rainbow trout and lake trout in the waters of the Big Sound of Parry Sound.
- Lake Huron (north of the north end of the Bruce Peninsula) and the North Channel (Divs. 17 and 35): five (5) salmon and trout, but not more than three (3) may be lake trout and brook trout combined.
- Divs. 12, 13, 15, 27 & 28: five (5) salmon and trout combined, in one day.
- Two (2) in one day with not more than one (1) lake trout.
- In Lake Huron, south of the north end of the Bruce Peninsula only one (1) rainbow trout in one day.

*except Dec. 24

Note: Species NOT listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNR office. For information on bait-fish restrictions, see page 5.

Size Limits:

Unless otherwise stated, the length referred to is total length. (See page 4.)
Unless otherwise stated, size restrictions listed above apply to both Sport Fishing and Conservation licences.

Daily Catch and Possession Limits:

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of fish.
The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc.
Possession limits are the same as one day's catch limit except where otherwise specified.
Shore Meals - Fish caught that day and eaten are counted as part of your daily catch limit.

† Catch and Possession Limits for Salmon and Trout COMBINED

- (Not exceeding individual species limits where otherwise stated)
- S** • Lake Huron (south of the Bruce Peninsula), and Georgian Bay (excluding Big Sound) (Divs. 16 and 35): five (5) salmon and trout, but not more than three (3) may be lake trout and brook trout combined, and not more than two (2) may be rainbow trout. See the "Exceptions to the General Regulations" on p. 37 for regulations affecting rainbow trout and lake trout in the waters of the Big Sound of Parry Sound
 - Lake Huron (north of the north end of the Bruce Peninsula) and the North Channel (Divs. 17 and 35): five (5) salmon and trout, but not more than three (3) may be lake trout and brook trout combined
 - Divs. 12, 13, 15, 27 & 28: five (5) salmon and trout combined, in one day.
 - Two (2) in one day with not more than one (1) lake trout. In Lake Huron, south of the north end of the Bruce Peninsula only one (1) rainbow trout in one day.

toyota.ca

Out here you
don't need a bigger truck.
You need a
better bigger truck.

Every day, in almost
every place on earth, people
depend on Toyota trucks.

THE ALL-NEW 2005
TACOMA

4° 14' South, 15° 14' East

In the Congo, tires are
as urgent as they are here,
just harder to get to.
No wonder they depend
on Toyota trucks.

Size alone doesn't make the truck. How
do we know? Every day, all over the
world, people put Toyota trucks of all
sizes through their paces. And despite
some of the most grueling conditions
imaginable, the trucks don't seem to mind.

Everything we learn out there goes in here.

All the hard lessons the world has
taught us have gone into the all-new
2005 Tacoma. Not only is it one of
the biggest in its class, but with a
4.0 litre, 245 hp V6 that makes some
V8's nervous, it may just be the best.

A 4.0 litre, 245hp V6 engine
gives the 2005 Tacoma
its ample power.

The standard bed-rail
utility system gives
it unmatched versatility.

Never Quit.

TRUCK**

A DAY OF FISHING IS NICE. WE PREFER A DAY OF CATCHING.

CANADIAN TIRE'S GUIDE TO NEW AND INNOVATIVE PRODUCTS, FOR A PERFECT FISHING TRIP.

A great day of fishing doesn't start at the crack of dawn. It starts at Canadian Tire. Because we've got everything you need to have a great time and have great success. From rod and reel combos to lures to tackle boxes. So remember, before your next fishing trip, make a quick trip to Canadian Tire.

START SMART: Repeated follow-ups, but no strike? Make a quick change. First, try speeding up your retrieve. Second, lower your profile by crouching down. Third, change your lure. A lighter or darker, larger or smaller lure may be just the change you need. In other words, change is good.

Tackle the challenge of staying organized.

Lures, hooks, line, sinkers. That's a lot to organize. So get the Plano® 777 Guide Series Tackle Box. Because the more organized you are, the less time you'll have to spend looking for things. And that means more time fishing.

**777 Guide Series
Tackle Box**
\$59.99

78-5911

- Large top compartment for quick and easy access to frequently-used items
- Large molded handle
- Large bulk storage areas
- Additional spinner bait box
- Comes with two 4700 Pro Series Organizers

A selection of combos worth casting your eyes on.

Combining the right rod with the right reel is the first step to landing that trophy. At Canadian Tire, we've taken that first step for you – by offering you these exclusive combos. They're perfectly matched and just part of a wide variety to choose from.

SHIMANO

**Bob Izumi IM6
Rod & Reel Combo**

\$129.99

78-7210X

Rod

- Sensitive IM6 graphite composite rod blank
- Lightweight Fuji aluminum oxide guide
- Graphite reel seat
- Comfortable cork handles

Reel

- Anti-rust bearings
- Cold forged aluminum spool
- Dyna Balance
- Super Stopper II

D FORCE

Daiwa Dforce 6'6" Combo

\$29.99

78-6113

Rod

- 6'6" Medium light action two piece rod
- Lightweight and durable graphite composite
- Premium cork handles

Reel

- Size 30 in brilliant silver
- Soft touch rubber accents

START SMART: A well balanced rod and reel are important. Also keep in mind that a rod with a stiff blank but relatively fast tip is typically easier to cast than extremely stiff or uniformly limber rods.

Fishing for the perfect lure?

As you know, when it comes to catching a variety of fish, it's not "one lure fits all." That's why you'll find a wide array of lures from Canadian Tire. So remember, no matter what you're looking to catch you need to look no further than Canadian Tire.

Mepps®

Gulp!

Northland

RAPALA®

Ambassador

WILLIAMS®

Assorted Lures

\$1.99 – \$12.99

For those who would sink to any depth to catch that trophy.

What good is the perfect lure, if you can't get it where the fish are? Well, with the Scotty® DepthKing Downrigger you can. In fact, your presentation will be right under their nose.

- High speed 2ft. retrieve per spool turn
- Quick side-deck mount
- Boom-mounted rod holder
- Power Grip release

Let's get started

GREAT FISHING STARTS AT CANADIAN TIRE

Fishing.

A way to connect
at any age.

Take a friend or
loved one fishing
during **National
Fishing Week** and
the **Ontario Family
Fishing Weekend**.

National Fishing Week

July 2-10, 2005

July 1-9, 2006

www.catchfishing.com

Catch Fishing

Celebrate recreational fishing during National Fishing Week. Look for retailer discounts and special fishing events, or just go fishing on your own. Remember, you must have a fishing licence if you're between 18 and 64.

Canadian residents can fish licence-free **only** during the Family Fishing Weekend. Take a child to a local event or relax by a neighbourhood stream or pond and "catch the fun". If you have no licence, please follow Conservation Licence limits.

Ontario Family Fishing Weekend

Northeastern Ontario - Map D

Includes Divisions 14, 18, 19, 25, and 26

For map specific regulations check the Division/Species Table and Exceptions to the General Regulations for this map area on the following pages.

 Ministry of Natural Resources Offices

NOTE:

- Ontario Portion of Lake Timiskaming is in Division 18.
- St. Joseph Island is in Division 18.
- Ontario Portion of Ottawa River is in Division 12 (see Central Ontario - Map C).
- North Channel of Lake Huron and St. Mary's River east of the compensation works at the head of the rapids in Sault Ste. Marie are in Division 17 (see Central Ontario - Map C).
- Lake Superior is Division 23 (see Northwestern Ontario - Map E).
- Lake Nipissing is Division 27 (see Central Ontario - Map C).

Northeastern Ontario (Map D) Division/Species Table

FISHING LICENCE LIMITS:

- S Sport Fishing
- C Conservation Fishing

Open Seasons (all dates inclusive) - Catch, Possession and Size Limits
You *MUST* check the Exceptions on pages 53 to 65 for additional regulations on specific water bodies

See Map D
on Page 47

SPECIES	Division 14	Division 18	Division 19	Division 25	Division 26
Walleye & Sauger or any combination	Open all year S - four (4) in one day C - two (2) in one day Size Limit: • only one (1) greater than 46 cm (18.1 in.) in length	Jan. 1 to April 14 & 3rd Sat. in May to Dec. 31 S - four (4) in one day C - two (2) in one day Size Limit: • only one (1) greater than 46 cm (18.1 in.) in length	Jan. 1 to April 14 & 3rd Sat. in May to Dec. 31 S - four (4) in one day C - two (2) in one day Size Limit: • only one (1) greater than 46 cm (18.1 in.) in length	Jan. 1 to April 14 & 3rd Sat. in May to Dec. 31 S - four (4) in one day C - two (2) in one day Size Limit: • Zero (0) between 46-61 cm (18.1-24 in.) and only one (1) greater than 61 cm (24 in.) in length	Jan. 1 to April 14 & 3rd Sat. in May to Dec. 31 S - four (4) in one day C - two (2) in one day Size Limit: • Zero (0) between 46-61 cm (18.1-24 in.) and only one (1) greater than 61 cm (24 in.) in length

*except Dec. 24

NOTE: Species NOT listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNR office. For information on bait-fish restrictions, see page 5.

Size Limits

Unless otherwise stated, the length referred to is total length. (See page 4.)
Size restrictions listed above apply to both Sport Fishing and Conservation licences, except as stated otherwise.

Daily Catch and Possession Limits

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of the fish.

The **catch limit** is the number of fish you are allowed to catch and keep in one day. The **possession limit** is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

Shore Meals - Fish caught that day and eaten are counted as part of your daily catch limit.

† Catch and Possession Limits for Salmon and Trout COMBINED

[Not exceeding individual species limits where otherwise stated]

- S** • Five (5) salmon and trout combined in one day.
- C** • Two (2) in one day with not more than one (1) lake trout.

Northeastern Ontario

General Notes

- All tributaries to Lake Superior in Div. 18 & 19, rainbow trout catch and possession limit of two (2). Conservation licence limit of one (1).

Licences for Provincial Border Waters

Ontario-Quebec Border: You may fish in Lake Timiskaming and throughout Div. 12 (Ottawa River) and in Div. 12A (Lake St. Francis) with either an Ontario Resident or a Quebec Resident fishing licence.

Bait and Gear Restrictions

- In Division 14 recreational fishers are permitted to possess and use only single-pointed barbless hooks. A line may only have one single-pointed barbless hook attached to it.
- Live fish may not be used for bait or possessed for use as bait in:
 - Div. 14;
 - Certain waters in the territorial districts of Algoma, Cochrane, Nipissing, Sudbury and Timiskaming.
 - Check with the local MNR office for specific waters. See "Exceptions to the General Regulations."
- In Lake Temagami (Div. 26) no person may use as bait or possess for use as bait any sucker, smelt or whitefish, including lake herring (cisco).

Additional Fishing Opportunities

2005 Aurora Trout

The following lakes are open from August 1 – October 15 in 2005 only

- Carol Lake – Beulah Twp. [Div. 19]
- Lake #21 (47°37'N., 80°57'W.) [Div. 19]
- Liberty Lake – Aston Twp. [Div. 18]

2006 Aurora Trout

The following lakes are open from August 1 – October 15 in 2006 only

- Big Club Lake (48°28'N., 80°48'W.) - Bond and MacKlem Twp. [Div. 19]
- Nayowin Lake (47°47'N., 81°23'W.) - Burrows Twp. [Div. 19]
- Pallet Lake (48°16'N., 80°39'W.) - Nordica Twp. [Div. 19]

Note for these lakes: Catch and possession limit of one (1), Conservation licence limit of zero (0) during the open season only. Live fish may not be used as bait or possessed for use as bait.

Watabeag Lake - Sheba, Nordica, Terry, McEvey and Tolstoi Twps.	19	Lake trout open from Feb. 15 - Mar. 15 & 3rd Sat. in May - Sept. 30.
Waterhen Creek in Ossian Twp. - from the culvert crossing the Pontiac-McVittie Road east to the mouth of the creek as it flows into Labyrinth Lake.	19	Fishing sanctuary - no fishing from Apr. 1 - June 14.
Welcome Lake - Valin Twp.	19	Lake trout open from Feb. 15 - Mar. 15 & 3rd Sat. in May - Sept. 30.
Wendigo Lake - Bayly and Marter Twps.	19	Lake trout open from Feb. 15 - Mar. 15 & 3rd Sat. in May - Sept. 30.
Wenebegon Lake and River - Langlois and Lynch Twps.	19	Fish sanctuary - no fishing from Apr. 1 - June 14.
West Choppa Lake (49°50'N, 80°38'W).	19	Fish sanctuary - no fishing from Nov. 1 - Fri. before 3rd Sat. in May.
West Davignon Creek - Korah Twp., City of Sault Ste. Marie.	18	Fish sanctuary - no fishing from Apr. 15 - June 15.
Whirligig Lake - Gamble Twp.	18	Fish sanctuary - closed all year.
White Lake, Shabotik River, Kwinkwaga River (48°51'N, 85°34'W) the part of Shabotik Bay 850 m (2,790 ft.) southwest of the mouth of the Shabotik River north to the west tip of the low island along the north shore of Shabotik Bay about 1050 m (3,445 ft.) northwest of the mouth of the Shabotik River; the Shabotik River from White Lake upstream to the top of the first rapids about 350 m (1,148 ft.) above the confluence with the Kwinkwaga River; and the Kwinkwaga River upstream to Atikameg Lake.	19	Fish sanctuary - no fishing from Mar. 15 - June 15.

Waters of Northeastern Ontario (Map D)	Div.	Exceptions
White Lake, Olga Creek, and McGill Creek (unsurveyed territory) (49°52'N, 85°36'W.) - part of Shabokoh Bay from a point 300 m (984 ft.) west and southeast to the point 650 m (2,133 ft.) east of the mouth of Olga Creek; and Olga Creek upstream from the lake 2 km (6,560 ft.) to a small lake; and McGill Creek from Olga Creek 1 km (3,280 ft.) upstream to Atikameg Twp.	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
White Lake and White River (48°41'N, 85°36'W.) - the bay of White Lake south of a line from the northeast corner of Regan Pt. east to the eastern shore of White Lake at the road from the Mobert subdivision, and the White R. from White Lake upstream 700 m (2,300 ft.) to the bridge on the Mobert Road (Laberge Twp.).	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
Whitepine Lake - Gamble Twp.	18	Fish sanctuary - closed all year.
White Pine Lake - McLeod Twp.	18	Fish sanctuary - closed all year.
White Rock Lake - McNie Twp.	18	Fish sanctuary - closed all year.
Whitebear Lake - Sayer Twp.	18	Fish sanctuary - no fishing from Jan. 1 - Feb. 14; Mar. 15 - Fri. before last Sat. in Apr. & Oct. 1 - Dec. 31.
Whitefish Channel (Whitefish Creek) City of Sault Ste. Marie, between St. Mary's Island and Whitefish Island.	18	Fish sanctuary - closed all year.
Whitefish Lake and Shikwamka River, Maness Twp. from 820 m (2,690.6 ft.) below Bailey Bridge site to 200 m (656 ft.) above Bailey Bridge site.	18	Fish sanctuary - no fishing from Mar. 15 - June 15.
Whitman Creek - Daumont and Gaudette Twps., between Devil's (Deill) Lake and the Goulaix River.	18	Fish sanctuary - no fishing from Apr. 15 - June 15.
Wicksteed Lake - Kenny, Gladman, Flett, Gooderham, Milne Twps.	18	Fish sanctuary - no fishing from Jan. 1 - Fri. before 3rd Sat. in May.
Wilderness Lake - Gamble Twp.	18	Live fish may not be used as bait or possessed for use as bait.
Wishart Lake - Wishart Twp.	18	Fish sanctuary - closed all year.
Wolf Lake - Sisk Twp.	18	Live fish may not be used as bait or possessed for use as bait.
Woods Lake - Afton Twp.	18	Fish sanctuary - no fishing from Jan. 1 - Jan. 31.
Wynn Lake - Arnold Twp.	19	Fish sanctuary - closed all year 2005 & 2006 Aurora trout open from Aug. 1 - Oct. 15, in 2007 fish sanctuary remainder of year in 2007. Live fish may not be used as bait or possessed for use as bait.
Yesterday Lake (49°50'N., 80°43'W.).	19	Fish sanctuary - no fishing from Jan. 1 - Fri. before 3rd Sat. in May & Nov. 1 - Dec. 31.
Yesterday River Lake (49°49'N., 80°46'W.).	19 & 25	Fish sanctuary - no fishing from Jan. 1 - Fri. before 3rd Sat. in May & Nov. 1 - Dec. 31.

Safe Boating and Fishing

Safe Boating in Areas of Commercial Fishing

The commercial fishing industry in Ontario, which is primarily focused on the Great Lakes, harvests fish by using trawls and a variety of stationary nets. All nets must be identified by means of buoys, stakes and markers which identify the owner of the net and the location of the beginning or end of the net. Besides these markers, there may be additional buoys (e.g. plastic or steel cans) that indicate intermediate portions of the net or anchor lines. Boaters should be aware that, because the length of some nets may exceed several thousand meters, it may not be possible to see both ends.

To ensure safe boating in areas where commercial fishing activity takes place, please consider the following:

- Many retail and wholesale freshwater fish outlets can provide information regarding local net marking systems
- Many local yacht clubs, sailing clubs, power squadrons and marinas have information regarding commercial fishing activities in local waters. In some cases, detailed maps of fishing locations and specific markings may be available
- Report unmarked nets immediately to the closest Ministry of Natural Resources office
- Treat commercial fishing gear with the same caution as any other floating device, apparatus or debris
- When a net marker is encountered it may not always be possible to observe which way the net runs under the water especially during summer months, when nets are usually set in cooler deeper water
- Lures and other sharp foreign objects stuck in commercial nets are hazards to commercial fishers
- Tampering with commercial fishing gear is dangerous to boaters and is an offence under the Fisheries Act

- If your gear accidentally becomes entangled in a commercial net, contact the commercial operator immediately
- Entanglement of cannonballs may present a serious and dangerous situation to boaters. Cannonball cables, if not released from the net immediately, can act like an anchor. If this occurs, the downrigger line should be cut immediately with wire cutters
- Boaters should recognize that maneuvering a trawler can be very difficult. Be aware that standard boating rules and regulations apply when encountering any large commercial fishing vessel.

If you have questions pertaining to Ontario's commercial fish industry, please call any local office of the Ministry of Natural Resources or contact the Ontario Commercial Fisheries' Association at (519) 676-0488.

Safe Boating and Fishing Near Hydro-electrical Generating Stations and Dams

These areas can be dangerous. Boaters and anglers should avoid getting too close to the powerful surge of water from dams and spillways.

To ensure safe boating and fishing in these areas, please:

- Approach slowly and always wear a personal flotation device
- Watch for warning signs or barriers above or below dams and stay a safe distance away from them
- Stay clear of the headpond or tailrace water at dams and spillways. Water level and flow can change without warning. It can quickly swamp your boat and put you in the grip of an undertow
- Don't wade into moving water

Stay sober. Drinking and driving a power vessel is just as dangerous and illegal as drinking and driving a car.

ATTENTION MUSKELLUNGE ANGLERS

Muskellunge are highly prized by many anglers and Ontario offers some of the finest angling opportunities in the world. It is important that management actions be taken to ensure Ontario's muskellunge are sustained in the future. Anglers are encouraged to help with the following project.

The Cleithrum Project – The Cleithrum Project is the provincial repository for biological data on muskellunge and northern pike. The cleithrum (a crescent shaped bone under the gill flap) should be removed from any fish found dead or which has been angled and is being kept for food or mounting. Information on the size of the fish, such as length, weight and girth, and the body of water where the fish was obtained should be recorded and submitted along with the cleithrum bone(s) to Lake Ontario Research Unit, Glenora Fisheries Station, Ontario Ministry of Natural Resources, RR #4, Picton ON, K0L 2T0.

CLEITHRUM

Anglers – Are You Moving Firewood?

Emerald Ash Borer

To date it is estimated that over 10 million ash trees are dead or dying in the United States and Canada due to Emerald Ash Borer infestation. In Essex County over 100,000 ash trees have been removed to help control the spread of Emerald Ash Borer. Another 15,000 maple and other species of trees were removed in the Toronto area to help control the spread of Asian Longhorned Beetle.

Anglers, you can help prevent the spread of invasive insects to forested areas by contacting your local Canadian Food Inspection Agency (CFIA) office **prior to moving any firewood**. Firewood may contain insect and plant diseases that could easily spread to other forest locations if you move firewood from your home to your campsite.

The best way to protect your forest is to use local firewood from the area where you are fishing.

The CFIA strictly controls the movement of firewood from pest-regulated areas of Canada. As a result, **at the time of printing of this information, the CFIA has placed all of Essex County and parts of Chatham-Kent under quarantine to control the spread of Emerald Ash Borer. Firewood from anywhere in the United States is not permitted entry into Canada without a permit from the CFIA.**

The CFIA can advise you on quarantine locations where firewood movement is restricted. The CFIA can be reached at **1-866-463-6017**, or **519-776-5483**. You can also visit their website: **www.inspection.gc.ca**

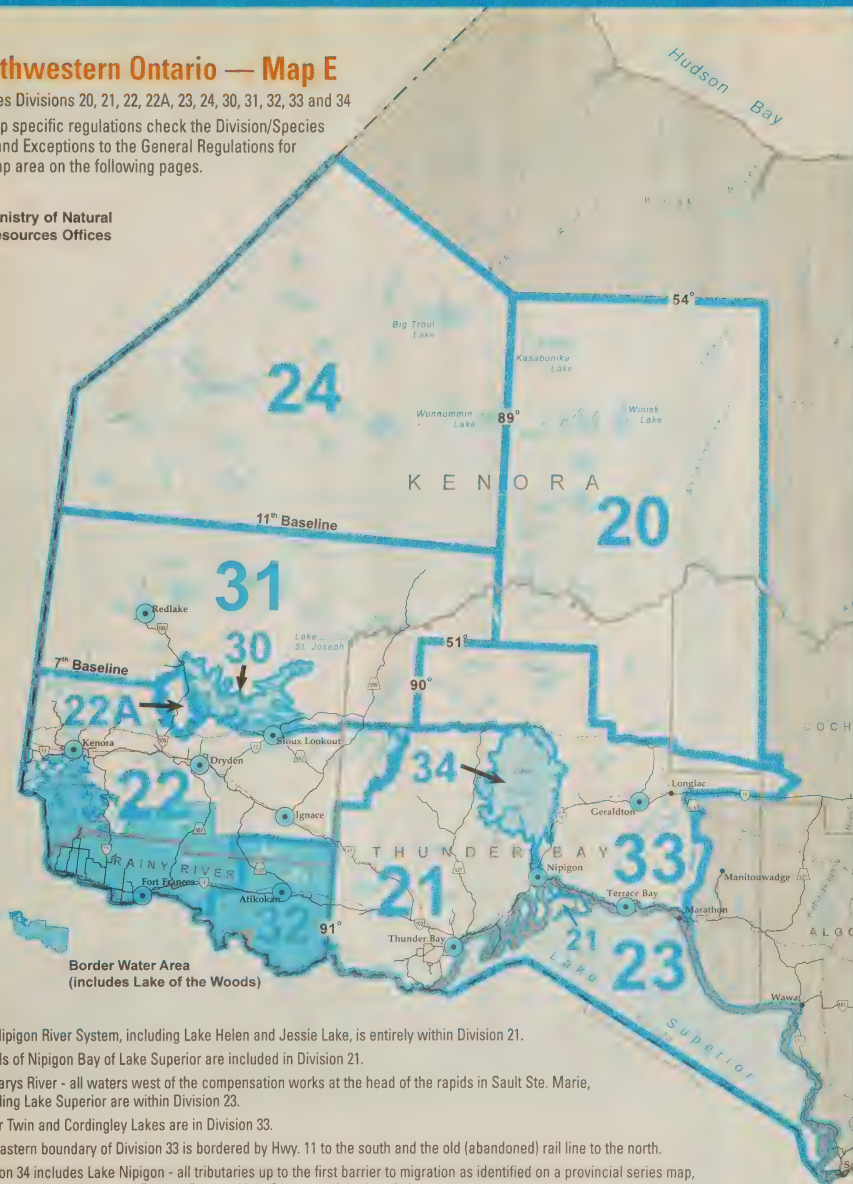

If you need additional information you can also contact your local Ministry of Natural Resources office for assistance.

Northwestern Ontario — Map E

Includes Divisions 20, 21, 22, 22A, 23, 24, 30, 31, 32, 33 and 34

For map specific regulations check the Division/Species Table and Exceptions to the General Regulations for this map area on the following pages.

- Ministry of Natural Resources Offices

NOTE:

- The Nipigon River System, including Lake Helen and Jessie Lake, is entirely within Division 21.
- Islands of Nipigon Bay of Lake Superior are included in Division 21.
- St. Marys River - all waters west of the compensation works at the head of the rapids in Sault Ste. Marie, including Lake Superior are within Division 23.
- Lower Twin and Cordingley Lakes are in Division 33.
- The eastern boundary of Division 33 is bordered by Hwy. 11 to the south and the old (abandoned) rail line to the north.
- Division 34 includes Lake Nipigon - all tributaries up to the first barrier to migration as identified on a provincial series map, all waters on the islands and Forgan, Bonner, Little Bonner and Jackpot Lakes.
- Border waters area includes Lake of the Woods, Rainy River, Rainy Lake and waters included in the dark blue shaded area of this map in Division 22 and Division 32 (see Border Waters, page 72).

Northwestern Ontario (Map E) Division/Species Table

FISHING LICENSE LIMITS:

- S Sport Fishing
- C Conservation Fishing

Open Seasons (all dates inclusive) - Catch, Possession and Size Limits
You MUST check the Exceptions on pages 75 to 82 for additional regulations on specific water bodies

Note: Species NOT listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNR office. For information on bait-fish restrictions, see page 5.

Size Limits

Unless otherwise stated, the length referred to is total length. (See page 4)
Unless otherwise stated, size restrictions listed above apply to both Sport Fishing and Conservation licences.

Daily Catch and Possession Limits

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of fish.

The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

Shore Meals - Fish caught that day and eaten are counted as part of your daily catch limit.

† Catch and Possession Limits for Salmon and Trout COMBINED

(Not exceeding individual species limits where otherwise stated)

- S** • Lake Superior (Div. 23) - five (5) salmon and trout combined but not more than three (3) may be lake trout, splake and brook trout combined.
- All other Map E Divisions (20-22, 22A, 24 and 30-34) - five (5) salmon and trout combined.
- C** • Two (2) in one day with not more than one (1) lake trout.

Non-Residents fishing in the Border Waters area please refer to pages 72 and 73.

Northwestern Ontario Regulations for Border Waters

Licences for Provincial Border Waters

Ontario-Manitoba Border: You may fish in the following lakes with either an Ontario or a Manitoba fishing licence: Div. 22 - Davidson, High, Mantario, and Ryerson Lakes; Div. 24 - Moar Lake; Div. 31 - Frances and Garner Lakes.

Northwestern Ontario Border Waters

The Border Waters area includes Lake of the Woods (including Cul de Sac and Obabikun Lakes), Rainy River (from Wheeler Point upstream to the Fort Frances dam), Rainy Lake (including the portion of the Seine River System upstream to the Crilly dam and Rainy River from Rainy Lake to the Fort Frances dam), and the remaining Fort Frances and Dryden District lakes. The following inland lakes are considered to fall entirely within the border waters area (blue shaded area on map below): Rowan, Katimigagimik, Dibble, White Otter, Nora, Kanoshay, Pine, Elsie Lake, Guliver, Cloven, Campus, Fish, Adele, Portage, Pyramid, Mack, Saganagons, Amit, Moose Bay, Lower Scotch and four Unnamed Lakes situated at the following coordinates (49°12'N., 91°37'W.), (49°12'N., 91°56'W.), (49°12'N., 91°58'W.), and (48°22'N., 90°58'W.).

Non-Residents

There are regulations in the Border Waters area that affect the number of walleye, sauger and lake trout that non-residents can catch and retain in one day and the total number that can be possessed at any time (refer to the table on page 73). For all other species, non-residents should refer to the catch and possession limits shown on the Division/Species Tables and the Exceptions to the General Regulations.

All non-residents of Canada need to be aware of the following:

- the catch and possession limits for walleye, sauger and lake trout (see page 73) affect all non-residents of Canada regardless of whether you are staying overnight in Canada or not;
- non-residents of Canada require an Ontario Non-Resident Sport Fishing Licence or an Ontario Non-Resident Conservation Fishing Licence to fish on the Ontario side of the International Border;

NOTE: Always check the Exceptions to the General Regulations on pages 75 to 82 for additional regulations specific to the water body you are fishing on.

NOTE: Areas outlined in red on the map below (Aulneau and Western Peninsulas) will be included in the International Border Waters regulations in 2006. Please direct any inquiries to the Kenora MNR District Office.

Open Seasons and Limits for Non-residents in the Border Waters Area

Walleye and Sauger (or any combination)	Non-resident Sport Fishing Licence	Non-resident Conservation Fishing Licence
Rainy Lake (including the portion of the Seine River system upstream to the Crilly Dam AND the Rainy River from Rainy Lake downstream to the Fort Frances dam). Note: For this area the size limits apply only to walleye. They do not apply to sauger.	Jan. 1 to Apr. 14 & 3rd Sat. in May to Dec. 31 Catch and retain in one day <ul style="list-style-type: none"> one (1) which must be greater than 35 cm (13.8 in.) and less than 45 cm (17.7 in.) NOTE: Please also refer to the Exceptions to the General Regulations for the waters you are fishing.

Northwestern Ontario

General Notes

- Non-residents camping on Crown land in Fishing Divisions 20, 21, 22, 22A, 24, 30, 31, 33, and 34, except for the border waters area, are subject to Conservation Licence Limits.
- Div. 34 - you may not possess live lake trout or brook trout.
- A CITES permit is required to export Sturgeon from Canada, see page 4.
- There are new resident and non-resident regulations for walleye and sauger in the Winnipeg River - refer to the Exceptions to the General Regulations for details.

Bait and Gear Restrictions

- You may not use or possess live fish for bait in:
 - Div. 24.
 - Certain waters of the territorial districts of Kenora and Thunder Bay.
Check with the local MNR office for specific details.
 - Quetico Provincial Park.
- You may use and possess live fish for bait in Div. 20, north and south of the 11th Baseline.
- Div. 34 - Lake Nipigon - refer to Exceptions.
- It is illegal to possess live or dead smelt while recreational fishing in Divs. 22, 22A, 24, 30, 31 and 32.

Waters of Northwestern Ontario (Map E)	Div.	Exceptions
Nipigon Bay of Lake Superior.	23	See Lake Superior - Nipigon Bay.
Nipigon River - entire length, including Jessie Lake and Lake Helen.	21	Brook trout catch and possession limit of one (1), which must be greater than 56 cm (22 in.) in length. Conservation licence limit of zero (0).
Nipigon River - (Backlog) below the Alexander Dam east of a line drawn south from the Alexander Dam Log Chute to the northern most tip of the point of land on the eastern shore of the Nipigon River.	21	Fish sanctuary - no fishing from Jan. 1 - Fri. before 4th Sat. in May & Tues. after Labour Day - Dec. 31.
Nipigon River (Gapen's Pool) (49°01'N, 88°15'W.) that part of the Nipigon River lying east of a line drawn north from the eastern shore abutment of Hwy. 11/17 bridges to the western tip of a point of land on the eastern shore of the outflow from Lake Helen.	21	Fish sanctuary - no fishing from Jan. 1 - Fri. before 4th Sat. in May & Tues. after Labour Day - Dec. 31.
Nipigon River (Parnacheene) (49°05'N, 88°19'W.) from the downstream edge of the Parnacheene C.N.R. bridge abutments, upstream approx. 400 m (1,312 ft.) to the first narrows.	21	Fish sanctuary - no fishing from Jan. 1 - Fri. before 4th Sat. in May & Tues. after Labour Day - Dec. 31.
Nipigon River - between Alexander Falls Dam and Nipigon Bay.	21	Walleye and sauger closed all year.
North Mawn Lake (49°36'N, 90°25'W.).	21	Fish sanctuary - no fishing from Jan. 1 - Fri. before 4th Sat. in May & Oct. 1 - Dec. 31.
North Twin Lake.	32	Walleye closed all year.
Northeast Campcoot Lake (49°02'N, 86°37'W.).	33	Fish sanctuary - closed all year.
Nugget Creek (Zealand Twp.) - between Hughes Creek and C.P.R. crossing at Wabigoon Lake.	21	Fish sanctuary - no fishing from Apr. 1 - May 31.
Obabikoin Lake.	22	See Lake of the Woods.
Olsen Lake (49°40'N, 92°37'W.).	22	Muskellunge minimum length of 137 cm (54 in.).
Onaman Lake (50°00'N, 87°26'W.).	33	Fish sanctuary - no fishing from Mar. 1 - May 31.
Opapimiskian Lake	24	Catch and release - for all species, no fish may be kept.
Opichuan Lake (51°15'N, 87°46'W.).	20	Lake trout - not more than one (1) greater than 56 cm (22 in.) in length.
Ord River - from 50°15'22"N, 93°01'40"W. upstream to the top of first set of rapids at 50°12'55"N, 93°01'08"W. - Kenora District.	22A	Fish sanctuary - no fishing from Apr. 1 - May 31. Other divisions seasons applicable.
O'Sullivan Lake (50°25'N, 87°02'W.).	20	Lake trout - not more than one (1) greater than 56 cm (22 in.) in length.
Pakwash Lake - Fisherman's Bay	31	Fish sanctuary - no fishing from Apr. 15 - May 31.
Para Lake - Fairlie Twp.	31	Fish sanctuary - closed all year.
Parker Creek (Fairlie Twp.) - from Parker Lake to Red Lake, including an unnamed bay.	31	Fish sanctuary - no fishing from Apr. 15 - May 31.
Partridge Crop Lake.	22	Walleye and sauger catch and possession limit of four (4), walleye not more than one (1) over 70 cm (27.5 in.), none under 35 cm (13.8 in.) or between 45 - 70 cm (17.7 - 27.5 in.) in length. Muskellunge minimum length of 122 cm (48 in.).
Partridge Lake (48°32'N, 90°34'W.).	21	Fish sanctuary - no fishing from Jan. 1 - Fri. before 4th Sat. in May & Oct. 1 - Dec. 31.
Passover Creek - between the southern end of Meridian Bay of Eagle Lake (49°42'N, 93°13'W.) and Chancellor Lake.	22	Fish sanctuary - no fishing from Apr. 1 - May 31.
Paulson Lake (49°37'N, 92°37'W.).	22	Muskellunge minimum length of 137 cm (54 in.).
Pelican Lake.	22 & 31	See Minnetaki Lake.
Perrault Falls and Wabaskang Lake Town of Perrault Falls, between Hwy. 105 bridge and a point 500 m (1,640 ft.) northeast of the bridge.	22A	Fish sanctuary - no fishing from Apr. 1 - May 31.
Perrault Lake (50°17'N, 93°08'W.).	22A	Muskellunge minimum length of 137 cm (54 in.).
Pine River - near Gunflint Lake.	21	Fish sanctuary - no fishing from Apr. 1 - May 31.
Pine Road Area - Experimental Lakes Area - a number of lakes in the southwestern corner of Dryden District known locally as the Pine Road Area.	22	See Experimental Lakes Area.
Pipestone Lake - Pipestone Chain (49°05'N, 93°35'W.).	22	Muskellunge minimum length of 122 cm (48 in.).
Pistol Lake (50°00'N, 94°43'W.).	22	See Winnipeg River System.
Pocket Lake - Glen Twp.	21	No brook trout size restrictions.
Polly Lake.	33	Walleye and sauger closed all year. Brook trout open from last Sat. in Apr. - Labour Day. Brook trout catch and possession limit of one (1) which must be greater than 56 cm (22 in.) in length, conservation licence limit of zero (0).
Post Creek - from the base of the waterfall in Post Bay to latitude 49°55'36" N. on Sturgeon Lake.	22	Walleye open from Jan. 1 - Apr. 14 & June 15 - Dec. 31.
Puzzle Bay of Ord Lake south of the narrows at latitude 50°08'18"N.	22A	Fish sanctuary - no fishing from Apr. 1 - May 31.
Quill Lake - Pipestone Chain (49°01'N, 93°43'W.).	22	Muskellunge minimum length of 122 cm (48 in.).
Rainy Lake	22	Muskellunge minimum length of 122 cm (48 in.). Walleye and sauger catch and possession limit of four (4), walleye not more than one (1) over 70 cm (27.5 in.), none under 35 cm (13.8 in.) or between 45 - 70 cm (17.7 - 27.5 in.) in length. Fish sanctuary - no fishing from Apr. 1 - June 14. Fish sanctuary - no fishing from Apr. 1 - June 14. Fish sanctuary - no fishing from Apr. 1 - June 14. Fish sanctuary - no fishing from Apr. 1 - June 14. Fish sanctuary - no fishing from Apr. 1 - June 14. Fish sanctuary - no fishing from Apr. 1 - June 14.
- Big Canoe River, - Crooked Narrows to Sand Island Falls of Redgut Bay, - Falls River and Pipestone River from Stokes Bay of Rainy Lake upstream to first rapids, - Halfway Inlet and Lost Bay, - Little Canoe River, - Porter Inlet of Redgut Bay, - Rat River Bay from the narrows and small island at the entrance to Rat River Bay, upstream to, and including the first rapids of both the West Branch Rat River and the East Branch Rat River, - Squirrel Falls between Namakan Lake and Rainy Lake, downstream for 250 m (820 ft.) on the north shore and 200 m (656 ft.) on the south shore from the Canadian Kettle Falls dam, - Stanjikoming Bay.		Fish sanctuary - closed all year.
Rainy River - from dam in Fort Frances downstream to Wheeler's Point at Lake of the Woods.	22	Fish sanctuary - no fishing from Apr. 1 - June 14. Muskellunge minimum length of 122 cm (48 in.). Walleye catch and possession limit of two (2) from Mar. 1 - Apr. 14. No walleye may be more than 46 cm (18.1 in.) in length during the period between Mar. 1 & Apr. 14, and at other times not more than one (1) walleye may be over 46 cm (18.1 in.).
Rainy River - from Rainy Lake downstream to the Fort Frances dam.	22	Walleye and sauger catch and possession limit of four (4), walleye not more than one (1) over 70 cm (27.5 in.), none under 35 cm (13.8 in.) or between 45 - 70 cm (17.7 - 27.5 in.) in length. Muskellunge minimum length of 122 cm (48 in.).

Weikwabinonaw River - from Mark's Lake upstream to the Weikwabinonaw Lake Road.	21	Fish sanctuary - no fishing from Apr. 1 - May 31.
Weikwabinonaw River - from Trafalgar Bay on Northern Light Lake extending upstream to its confluence with Nelson Creek, including the unnamed lake known locally as Lily Lake.	21	Fish sanctuary - no fishing from Apr. 1 - May 31.
Weld Lake - Pipestone Chain (49°02'N, 93°41'W).	22	Muskellunge minimum length of 122 cm (48 in.).
White Otter Lake (49°07'N, 91°52'W).	32	Fish sanctuary - no fishing from Apr. 1 - June 14.
Whitefish Lake (48°13'N, 90°00'W).	21	Yellow perch catch limit of fifty (50) in one (1) day, possession limit of one-hundred (100). Conservation licence limit of twenty-five (25).
Whiterock Lake (49°51'N, 91°15'W).	22	Walleye catch limit zero (0) (catch & release only).
Wilcox Lake (50°31'N, 93°47'W).	31	Muskellunge minimum length of 102 cm (40 in.).
Wild Potato Lake.	22	Walleye and sauger catch and possession limit of four (4), walleye not more than one (1) over 70 cm (27.5 in.), none under 35 cm (13.8 in.) or between 45 - 70 cm (17.7 - 27.5 in.) in length. Muskellunge minimum length of 122 cm (48 in.).
Winnipeg River System in its entirety - from Norman Dam at Kenora to the Whitedog Dam	22	Muskellunge minimum length of 137 cm (54 in.).
Winnipeg River System - from the outflow of Lake of the Woods to the Manitoba Border.	22	Walleye open from Jan. 1 - Mar. 14 & 3rd Sat. in May - Dec. 31. Walleye must be between 35-45 cm (13.8-17.7 in.) and not more than one (1) may be greater than 70 cm (27.6 in.) in length. Resident walleye and sauger catch and possession limit of four (4), Conservation licence limit of two (2) Note: Non-resident walleye and sauger catch and possession limit of two (2), Conservation licence limit of one (1).
Winnipeg River (west branch) - from Norman Dam to westerly tip of Tunnel Island and northerly point of Patent Property A-16.	22	Fish sanctuary - no fishing from Apr. 1 - May 31.
Wylie Lake.	33	Fish sanctuary - closed all year.
Young Lake (49°51'N, 91°13'W).	22	Walleye catch limit zero (0) - catch & release only.
Yucca, (49°24'N, 86°38'W) Grehn, Little Pic and Sun Lakes.	33	Lake trout aggregate catch limit of one (1) for these lakes.
Zeemel Lake - including the Pasemnon River upstream to 300 m (984 ft.) above the Musselwhite Mine Road.	24	Fish sanctuary - closed all year.

BEAR WISE

**Prepare
and be aware
when you are fishing.**

 Ontario

While fishing Ontario's lakes, rivers and streams, it's wise to remember that you are in the natural habitat of black bears. To avoid conflicts with bears, anglers should remember to:

- Stay alert while fishing in areas with dense cover or with high levels of natural noise - bears may not see or hear you.
- Clean fish well away from your fishing site.
- Keep the campsite clean on multi-day trips, storing food so that bears cannot reach it, either in the trunk of your car or hanging at least 4 metres (13 feet) above the ground.

In an immediate emergency: contact the local police or dial 911
To report bear problems: contact the Bear Reporting Line at

1 866 514-BEAR (2327) (TTY) 705 945-7641

For information about the Bear Management Program, contact your local MNR office or visit our website: bears.mnr.gov.on.ca

Come visit one of our Fish Culture Stations

If you are not sure whether you can fish at a certain time and place, or if you have any questions about the regulations, contact the MNR office nearest to where you plan to fish.

For general inquiries about MNR programs and services contact;

- the Natural Resources Information Centre
1-800-667-1940 [English and french]

OR

- MNR by e-mail at: mnr.nric@mnr.gov.on.ca

The following list of MNR offices includes the fisheries divisions for which each office is responsible.

NOTE: more than one MNR office may share responsibility for a division.

Fish Identification

Here are the types of fish that anglers are likely to catch in Ontario's lakes and streams. Information is provided on the following:

- L:** length.
- D:** distribution/habitat.
- S:** similar fish.
- K:** key identifying characteristics that separate them from those similar fish.

The Ontario record for many of these species can be found on pg. 29 or at www.ontarioanglerawards.com.

The fish illustrations were drawn by Rebecca Brebner, with the exception of the muskellunge and the sturgeon, which were drawn by Andreas Radman of the Ontario Ministry of Environment, the bluegill which was drawn by Curtis Atwater, the Great Lakes phase of the rainbow and brown trout which were drawn by Virgil Beck and provided by the Wisconsin Department of Natural Resources. These illustrations were redrawn based on original fish illustrations from two publications: Bulletin 184, Fisheries Research Board of Canada – "Freshwater Fishes of Canada" by Scott and Crossman, and "Fish of Ontario" (poster) distributed by the Ministry of Natural Resources.

Walleye

- L:** 25 - 85 cm (10 - 33 in.).
- D:** lakes and rivers throughout most of Ontario.
- S:** sauger, yellow perch.
- K:** white tip on lower tail fin; no distinct blotches or bands on adults.

Favorite Baits: spinners, jigs, crank baits, worms, minnows, leeches

Sauger

- L:** 25 - 41 cm (10 - 16 in.).
- D:** large, shallow, turbid waters throughout Ontario.
- S:** walleye, yellow perch.
- K:** lacks white tip on lower tail fin; distinct blotches or bands on adults; spots on dorsal fin.

Favorite Baits: same as walleye

Yellow Perch

- L:** 15 - 30 cm (6 - 12 in.).
- D:** clear waters with some vegetation throughout Ontario; often school.
- S:** walleye, sauger, white perch.
- K:** 6 to 8 dark, vertical bands on sides, alternating with light yellow to yellow-green.

Favorite Baits: small jigs, small spoons, small minnows, worms

Pumpkinseed

- L:** 18 - 23 cm (7 - 9 in.).
- D:** clear, shallow, weedy waters north to Temagami.
- S:** rock bass, bluegill.
- K:** 3 anal fin spines; wavy, blue-green stripes on sides of head; ear flap with orange or red spot.

Favorite Baits: small jigs, worms

Bluegill

- L:** 15 - 30 cm (6 - 12 in.).
- D:** warm, vegetated, still waters throughout southern Ontario.
- S:** rock bass, pumpkinseed.
- K:** 3 anal fin spines; black spot at rear end of dorsal fin; ear flap black.

Favorite Baits: small jigs, worms, flies

Northern Pike

- L:** 45 - 100 cm (18 - 39 in.).
- D:** quiet, vegetated waters throughout Ontario.
- S:** muskellunge.
- K:** light yellowish spots on dark green background; tips of tail fin more rounded than muskellunge; see also head close-up below.

Favorite Baits: spoons, large spinners, large crank baits, minnows

Northern Pike

Cheek fully scaled, upperhalf of opercle only scaled, 10 pores on undersides of lower jaw.

Muskellunge

Cheek and opercle both scaled only on upper half, 12-18 pores on undersides of lower jaw.

Muskellunge

- L:** 71 - 137 cm (28 - 54 in.).
- D:** discontinuous in southern and near northeastern Ontario, and the Lake of the Woods/Rainy River area.
- S:** northern pike.
- K:** dark vertical bands on light background, at times spotted or clear; tips of tail fin more pointed than northern pike; see also head close-up above.

Favorite Baits: large bucktail spinners, large body baits, sucker minnows

Smallmouth Bass

- L:** 25 - 50 cm (10 - 20 in.).
- D:** clear, rocky waters with little vegetation from southern Ontario to Timiskaming and northwestern Ontario.
- S:** largemouth bass.
- K:** upper jaw does not extend beyond eye; shallow notch between dorsal fins; body often with dark, broken bars.

Favorite Baits: jigs, spinners, crank baits, minnows, crayfish

Largemouth Bass

- L:** 25 - 55 cm (10 - 22 in.).
- D:** warm, weedy, slow or still waters primarily in southern Ontario.
- S:** smallmouth bass, rock bass.
- K:** upper jaw extends beyond eye; deep notch between dorsal fins; body often with a broken horizontal stripe.

Favorite Baits: spinnerbaits, crank baits, plastic worms, minnows, frogs

Rock Bass

- L:** 15 - 20 cm (6 - 8 in.).
- D:** warm, slow or still shallows with rocky bottoms, northward to Lake Abitibi.
- S:** pumpkinseed, bluegill.
- K:** large, red eye; six anal fin spines; regular rows of spots on the side in adults.

White Sucker

- L:** 30 - 50 cm (12 - 20 in.).
- D:** warm, shallow lakes and tributary rivers across Ontario.
- S:** other suckers (e.g. redbhorse).
- K:** torpedo-shaped; round in cross-section; scales smaller than redbhorse sucker.

Salmon and Trout Identification

The following features are useful in identifying salmon and trout:

Chinook Salmon

- L:** 30 - 100 cm (12 - 39 in.).
D: found in all Great Lakes and some tributaries.
S: coho, Atlantic and pink salmon, rainbow trout (steelhead), brown trout.
K: black mouth and black gums; tail entirely spotted; leading ray on anal fin extends 1/3 the length of the fin; short, narrow caudal peduncle.

Favorite Baits: spoons, wobbling plugs, dodger and flies

Rainbow Trout/Great Lakes (Steelhead)

- L:** 35 - 60 cm (14 - 24 in.).
D: found in all Great Lakes and many tributaries.
S: chinook, coho, pink and Atlantic salmon; brown trout.
K: white mouth and gums; body silver with dark spots; spots all over tail in radiating rows; leading anal fin ray extends the length of the fin; long, stocky caudal peduncle.

Coho Salmon

- L:** 30 - 75 cm (12 - 30 in.).
D: found in all Great Lakes and some tributaries.
S: chinook, Atlantic and pink salmon, rainbow trout (steelhead), brown trout.
K: dark mouth and light grey gums; tail spotted on upper lobe only; leading ray on anal fin extends 1/2 - 2/3 the length of the fin; short, narrow caudal peduncle.

Favorite Baits: spoons, dodger and flies

Rainbow Trout/Inland

- L:** 15 - 40 cm (6 - 16 in.).
D: south of a line from Kenora to Kesagami Lake.
S: brook and brown trout, juvenile Atlantic salmon.
K: many small black spots on body; spots over tail in radiating rows; pink lateral stripe; leading anal fin ray extends the length of the fin; long, stocky caudal peduncle.

Favorite Baits: spinners, spoons, roe, worms, flies

Atlantic Salmon

- L:** 25 - 70 cm (10 - 28 in.).
D: reintroduced to Lake Ontario; occasionally in upper Great Lakes and some tributaries, and Trout Lake near North Bay.
S: chinook, coho and pink salmon, rainbow trout (steelhead), brown trout.
K: white mouth and gums; few large, black spots on gill cover; no spots on tail; leading ray on anal fin extends the length of the fin; long, narrow caudal peduncle; dark-coloured pectoral fins.

Brown Trout/Great Lakes

- L:** 35 - 60 cm (14 - 24 in.).
D: found in all Great Lakes and some tributaries.
S: chinook, coho, pink and Atlantic salmon; rainbow trout.
K: white mouth and gums; silvery with dark spots on body; only occasional vague spots on tail; only salmon or trout with orange on adipose fin; leading anal fin ray extends the length of the fin; short, stocky caudal peduncle; light-coloured pectoral fins.

Pink Salmon

- L:** to 46 cm (18 in.).
D: found in all Great Lakes.
S: chinook, coho and Atlantic salmon, rainbow trout (steelhead), lake trout.
K: large black spots on back and tail fin, but not on dorsal fin; forked tail; leading ray on anal fin extends 1/3 - 1/2 the length of the fin; narrow caudal peduncle.

Brown Trout/Inland

- L:** 20 - 40 cm (8 - 16 in.).
D: occasional south of the French River, mostly in Great Lakes tributaries.
S: rainbow and brook trout, juvenile Atlantic salmon.
K: large black, blue or red spots on body, often surrounded by lighter ring; tail with few spots; only salmon or trout with orange on adipose fin; leading anal fin ray extends the length of the fin; short, stocky caudal peduncle.

Favorite Baits: spinners, spoons, worms, flies

Lake Trout

- L:** 30 - 80 cm (12 - 31 in.).
D: cold waters of deep lakes throughout much of Ontario.
S: brook trout.
K: light wormlike markings and spots on dark background, none red; deeply forked tail; white leading edge on lower fins, but no black line.

Favorite Baits: spoons, jigs, crank baits, lake trolls

Brook Trout

- L:** 15 - 40 cm (6 - 16 in.).
D: cold, clear streams, small lakes, Lake Superior.
S: lake trout.
K: light wormlike markings and spots on dark background, some red and blue; square tail; white leading edge on lower fins, set off by black line.

Favorite Baits: spinners, spoons, worms, flies

Channel Catfish

- L:** 36 - 53 cm (14 - 21 in.).
D: Great Lakes and larger lakes and rivers south of the French River and from Lake Nipigon west.
S: brown bullhead.
K: deeply forked tail.

Brown Bullhead

- L:** 20 - 36 cm (8 - 14 in.).
D: warmer, slow waters throughout southern Ontario and generally south of highways 11 & 17 in the north.
S: channel catfish.
K: square tail.

White Bass

- L:** 20 - 30 cm (8 - 12 in.).
D: clear water near rock reefs and sand bars in lower Great Lakes area.
S: white perch.
K: dark spots in horizontal lines, often faint and irregular; second anal spine distinctly shorter than third.

White Perch

- L:** 15 - 25 cm (6 - 10 in.).
D: Lakes Ontario and Erie, lower Niagara River and Welland Canal.
S: white bass, yellow perch.
K: colour variable, but spots or stripes not obvious; second and third anal spine roughly equal in length.

Lake Whitefish

- L:** 30 - 65 cm (12 - 26 in.).
D: Great Lakes and deep, cold, inland lakes across Ontario.
S: cisco, round whitefish.
K: mouth overhanging by snout (see below); body oval in cross-section.

Favorite Baits: small jigs, small spoons, small minnows

Profiles of whitefish and herring showing differences due to position of snout or upper jaw.

Lake Whitefish

- A:** The mouth is overhanging by the snout or upper jaw; rounded profile.

Cisco (Lake Herring)

- B:** The mouth is not overhanging by the snout; pointed profile.

Cisco

- L:** 20 - 30 cm (8 - 12 in.).
D: cold waters from Great Lakes to Hudson Bay
S: lake and round whitefish, rainbow smelt
K: mouth not overhanging by snout (see above); mouth ends before middle of eye.

Rainbow Smelt

- L:** 15 - 25 cm (6 - 10 in.).
D: throughout Great Lakes area, including some inland lakes.
S: cisco.
K: mouth extends beyond centre of the eye; tongue with prominent teeth.

Carp

- L:** 30 - 75 cm (12 - 30 in.).
D: shallow, warm waters, primarily in southern Ontario.
S: freshwater drum.
K: "whiskers" beside mouth; one dorsal spine.

Favorite Baits: dough, corn, worms, prepared carp bait

Freshwater Drum

- L:** 45 - 50 cm (18 - 20 in.).
D: large, shallow waterbodies with mud or sandy bottoms, mostly in lower Great Lakes.
S: carp.
K: no "whiskers"; 8-9 dorsal spines.

White Crappie

- L:** 20 - 30 cm (8 - 12 in.).
D: mouths of tributary streams or weedy, sheltered bays in lower Great Lakes area.
S: black crappie.
K: six dorsal fin spines; 6 or 7 anal fin spines; sides with faint bars.

Favorite Baits: small jigs, small minnows, worms

Black Crappie

- L:** 18 - 25 cm (7 - 10 in.).
D: clear, weedy lakes and slow rivers primarily Great Lakes, south central near northeast and parts of northwestern Ontario.
S: white crappie.
K: 7-8 dorsal fin spines; 6 or 7 anal fin spines; irregular mosaic of distinct black blotches.

Favorite Baits: small jigs, small minnows, worms

Goldeye

- L:** 25 - 38 cm (10 - 15 in.).
D: parts of northeastern and northwestern Ontario, often in swift, silty waters.
S: mooneye.
K: iris of eye large and bright golden, forward scales with golden luster.

Mooneye

- L:** 25 - 30 cm (10 - 12 in.).
D: clear rivers and shallow lake waters, southern as well as parts of northeastern and northwestern Ontario.
S: goldeye.
K: iris of eye large and golden, but not as bright as goldeye; scales silvery.

Sturgeon

- L:** 90 - 145 cm (3 - 5 ft.).
D: larger rivers and lakes, usually less than 30 feet deep.
S: none.
K: underslung mouth; whiskers; bony plates on sides.

Burbot (Ling)

- L:** to 38 cm (15 in.).
D: cool waters of lakes and rivers throughout Ontario.
S: bowfin.
K: single "whisker" on tip of chin; long, thin anal fin.

Bowfin

- L:** 46 - 61 cm (18 - 24 in.).
D: swampy, vegetated bays of warm lakes and rivers, primarily in southern Ontario.
S: burbot.
K: no "whiskers"; anal fin short but deep.

Stop

Ontario's waters are threatened by exotic species that can be spread unknowingly by anglers and boaters.

the Invasion!

Eurasian Watermilfoil

Smelt

Zebra Mussel

To report sightings and get the latest information call the

Invading Species Hotline 1-800-563-7711

Anglers and Boaters - You Can Help

Inspect your boat, motor, trailer, and boating equipment (anchor, centreboards, rollers, axles) and remove any zebra mussels and other plants and animals that are visible before leaving any waterbody.

Drain water from the motor, livewell, bilge and transom wells while on land before leaving the waterbody.

Wash/dry your boat, tackle, downriggers, trailer, and other boating equipment to kill harmful species that were not visible at the boat launch. Some aquatic nuisance species can survive more than 2 weeks out of water so it is important to:

- **rinse** your boat and equipment that normally gets wet with hot tap water (greater than 40°C); or
- **spray** your boat and trailer with high pressure water (250 psi); or
- **dry** your boat and equipment for at least 5 days before transporting to another waterbody.

Empty your bait bucket on land before leaving any waterbody. Never release live bait into a waterbody, or release aquatic animals from one waterbody into another.

Learn how to identify zebra mussels and other exotic species. For more information call the Invading Species Hotline (1-800-563-7711) or visit www.invadingspecies.com. If you suspect a new infestation, report it to the Invading Species Hotline. This hotline is a partnership between the Ontario Ministry of Natural Resources and the Ontario Federation of Anglers and Hunters.

2005 B-SERIES TRUCK

FOR THE JOB WORTH DOING.

With a strong work ethic and an ideal choice of engines, the hardworking Mazda B-Series pickups offer everything you need...and nothing you don't. Take Mazda B2300. Both rugged and realistic, it's the most economical truck in the B-Series line. And winner of a 2004 Energide award for its fuel-efficient 2.3L 4-cylinder engine. For a little more muscle, look to the Mazda B3000. Its impressive payload capacity of 774kg (1,640 lbs.), makes big jobs no big deal. To move maximum cargo with minimum effort, get into the B4000 Dual Sport and tow up to 2,613 kg (5,760 lbs.) of whatever you've got. Or take the highroad with the B4000 4x4 and get 8-inches of ground clearance and shift-on-the-fly 4-wheel drive. Whatever the task, there's a B-Series truck that can help you get the job done and get it done well. Start by getting behind the wheel of one now.

Get Out There

Find your own space at North America's top environmental and natural resources school.

At Fleming College's School of Environmental and Natural Resource Sciences, you get real-life learning in the right environment: out in the field, in labs, or using the latest technology. Our school offers more than 20 diploma, post-diploma, and degree-granting programs – in areas of study from Fish and Wildlife, to Environmental Assessment and Management, to Earth Sciences, Geomatics and GIS.

Explore.

Get a jump start on emerging fields in the environment and technology. Located in the renowned Kawartha Lakes region, our school offers lots of time to explore. With the largest range of programs in environmental education, you can investigate your options during a flexible common first semester.

Lead.

Get ahead with our school's 35-year, winning reputation. Take advantage of our new Environmental Technology Wing, "the building that students learn in and from." As one of Canada's most environmentally sound commercial buildings, this \$16 million facility includes living laboratories for research and instruction, a 180-seat computer commons, biodiversity lab, and geomatics laboratories.

Follow Through.

Realize your best potential. Check out www.flemingcollege.com/frost. Call 1-866-FLEMING (353-6464) or e-mail info@flemingc.on.ca to arrange a campus tour.

GRAB LIFE BY THE HORNS

DAKOTA RULES. RULE #1: COMPROMISE IS FOR RELATIONSHIPS, NOT TRUCKS.

THE ALL-NEW 2005 DODGE DAKOTA is the only pickup in its class* with a choice of V8 engines. So you get Best-in-Class* available torque and towing capability** – no compromising between work and play here. Dakota also rules with the most overall interior room, delivering comfortable seating for up to six and adult-size room for three in the back. It's bigger, stronger, smoother, more versatile and more refined than ever. Plus it's packed with Dodge attitude just the way you like it. The new Dakota's also big on value – Dakota Club Cab™ starts at \$24,605†. Learn the rest of the Dakota Rules at dodge.ca or call 1-800-361-3700.

* Based on competitive information available at time of printing. ** When properly equipped. † MSRP for 2005 Dodge Dakota ST Club Cab 4x2; MSRP for 2005 Dodge Dakota Laramie Quad Cab 4x4 as shown is \$39,315. †1,050 freight extra. Retailers may sell for less.
